## COMPREHENSIVE DATABASE REPORTING GUIDELINES INDEPENDENT INSTITUTIONS 2010-2011

## Kentucky
### UNBRIDLED SPIRIT ™

## M E M O R A N D U M

**TO:**      Comprehensive Data Base Guidelines Users

**FROM:**    Heidi Hiemstra, Assistant Vice President, Information and Research

**DATE:**    August 20, 2010

**SUBJECT:** Summary of Changes for 2010/11 Reporting Guidelines

The primary changes to the Reporting Guidelines for 2010-11 are the implementation of the new IPEDS race categories in the enrollment and degrees files and the implementation of 2010 CIP codes in the program inventory. As previously communicated, the new race/ethnicity codes will be collected at both the detail and summary levels, with the IPEDS summary codes taking the place of the old race field.

To assist with development of the Council's 2011-15 Statewide Diversity Policy, a new section of definitions relating to this policy has been added and will be incorporated by reference into the final diversity policy.

Other changes include tweaks to the transfer file and the removal of any reference to KET courses, as those courses are no longer offered.

If you have questions or concerns, please let me know.  If you would like to be added to a listserv for discussion of these guidelines, please contact me at Heidi.Hiemstra@ky.gov.

## Data Collections Required by Revised Licensure Regulations

The Council on Postsecondary Education revised its licensure regulations for non-public postsecondary institutions in early 2010 (13 KAR 1:020. Private college licensing). The regulation and related information can be found at CPE's website: http://cpe.ky.gov/policies/academicpolicies/licensure.htm

This regulation includes expanded data collections in the non-AIKCU, non-public sectors – primary proprietary and out-of-state institutions operating in Kentucky. This new data requirement does not impact institutions that already submit the files below to the Council through its KPEDS student-level data collection system.

Unit-level files that satisfy licensure reporting requirements:

- Type 1, 2, and 3 for the fall semester
- Degrees and other formal awards
- Transfer File

Institutions not already submitting the transfer file at the student level may use the KPEDS summary-level data submission for this collection starting in the summer of 2011. A description of this summary-level collection follows here. The full Licensure Compliance Reporting Manual can be found at CPE's institutional data submitters webpage, here: http://cpe.ky.gov/info/institutionalusers/

FORM F – INSTRUCTIONS

HEADCOUNT ENROLLMENT OF TRANSFER STUDENTS AND CREDITS
TRANSFERRED BY SENDING INSTITUTION

JULY 1 - JUNE 30

Report undergraduate students who have transferred to your institution from the last institution at which they earned undergraduate-level academic credit. Non-first-time transfer students include all students who transfer credit to your institution after their first semester of enrollment as a first-time transfer student, such as hours earned as visiting or online students at other institutions.

Report all transfer credits accepted for undergraduate students who were enrolled during the previous academic year.  If transfer credits are accepted in an academic year in which a student is not enrolled, report these credits in the student's next academic year of enrollment.  For instance, if an applicant is awarded transfer credit but does not enroll in the expected year, do not report this credit until the academic year in which the student enrolls.  Or, if a student takes an online course at another university and the transfer credits are awarded during the summer or when the student is stopped-out, do not report these credits until the student's next academic year of enrollment.  This is to prevent transfer credits from being included in the table that are not actually used toward some academic objective by the student.  No transfer credits should be reported for students who never enroll in your institution.

**Relationship between academic year of credit acceptance and academic year of enrollment**

|  | **Enrolled during academic year** | **Not enrolled during academic year** |
|---|---|---|
| **Credit accepted during academic year** | Report for academic year. | Report once in next academic year of enrollment. |
| **Credit accepted during any previous academic year** | Report in academic year if record was not previously submitted to CPE.  Do not report again in future academic years. | Do not report in academic year.  If student never enrolls, do not report transfer credits accepted. |

Report previously-accepted credits in the next semester of enrollment regardless of when the credits were accepted, as long as the credits are still valid.  Only report transfer credits once.  If a transfer record has been reported to CPE in a previous year's transfer file, do not include it again.

Include the first-time transfer student whose transfer credits are being held pending validation of coursework.  The student should be listed as he will be classified upon the validation of his coursework.

Report transfers by sending institution and student level for the Kentucky institutions listed on pages 1 through 3.  On page 3, "Kentucky (Other)", report only those transfers from Kentucky institutions not listed on pages 1 through 3.

Report transfers from out-of-state institutions operating in Kentucky on page 4.  Report transfers from other out-of-state institutions by state, territory, or foreign country on pages 5 through 7.

# Council on Postsecondary Education
# Data Policy—Institutional Data

**Section 1:  Purpose**

This policy establishes the principles and practices related to collection, maintenance, use, analysis, and dissemination of data and information collected and maintained through the Kentucky Council on Postsecondary Education (CPE) comprehensive database system.

**Section 2:  Statutory Authority**

KRS 164.020, KRS 164.095, and KRS 164.283

**Section 3:  Background**

The CPE maintains and manages a unit record database containing public and private higher education institutional data used by the CPE for state and federal reporting, policy analysis, and decision-making.  This database is referred to as the comprehensive database system.

The data and information collected through the comprehensive database system are used in support of improvements to instruction and to evaluate and measure performance within the system, all in support of postsecondary education reform.  The data and information collected also is part of a comprehensive accountability system that the CPE is required to develop and maintain by KRS 164.020 and KRS 164.095.

The CPE protects all data and information in accordance with the Family Educational Rights and Privacy Act (FERPA) 20 U.S.C. § 1232g, et. seq. and applicable state laws.  Where the data collected contain individual data on students, it is subject to both privacy and confidentiality procedures.

**Section 4:  Definitions**

A.      "Confidentiality" means how personally identifiable information collected by an authorized agency is protected and when consent by the individual is required.

B.      "Council," "Council on Postsecondary Education," or "CPE" refers both to the agency established in KRS 164.011, to the staff of the agency employed pursuant to KRS 164.013, and to agency representatives who are employed by the CPE and who are under the direct control of the agency.

C.      "Directory information" means information contained in an education record which would not generally be considered harmful or an invasion of privacy if disclosed to the public.  The definition of directory information shall be specific to each institution.

D. "Education records" means those records directly related to a student and maintained by an educational agency or institution.

E. "Family Educational Rights and Privacy Act or FERPA" means the federal law codified at 20 U.S.C. 1232g and its implementing regulations found in 34 C.F.R. Part 99.

F. "Legitimate educational interest," for purposes of this policy, is an endeavor that furthers the understanding of educational practices, methods, and/or theory through formal, accepted research practice.

G. "Personally identifiable information" means information contained in an education record such as a personal identifier, characteristic, or other information that would make a student's identity easily traceable.

H. "Privacy" means the right of an individual to have personal information adequately protected to avoid the potential for substantial harm, embarrassment, inconvenience, or unfairness.

I. "Research" means a formal investigation designed to develop or contribute to general knowledge.

J. "State and local education authority" means an agency or other party with educational expertise and experience that is responsible for and authorized under state or local law to regulate, plan, coordinate, advise, supervise, or evaluate elementary, secondary, or postsecondary education programs, services, agencies, or institutions in the state.

K. "Third party" is a party other than the institution who provided the data to the CPE.

**Section 5: Policy**

**A.     General**

1. This policy shall apply to all data and information created, collected, and maintained by or for the CPE, whether in electronic, paper, or other format.

2. The CPE is authorized by KRS 164.020(6) and (26) and KRS 164.095 to perform research on postsecondary education related issues, to maintain an accountability system, and to evaluate the performance of institutions in regard to the goals of the *Kentucky Postsecondary Education Improvement Act of 1997* and the strategic agenda.

3. Data collected and maintained by the CPE shall be managed in a manner that supports the improvement of education in Kentucky consistent with the goals of the *Kentucky Postsecondary Education Improvement Act of 1997* and the *Adult Education Act of 2000*. The CPE shall promote access to and dissemination of nonpersonally identifiable information that improves the education-related decisions of parents, teachers, administrators, policymakers, and educational stakeholders as well as the general public.

4. Where access to personally identifiable information is restricted by federal and state law, the information shall be processed (e.g., aggregated, summarized, or characterized) to provide access while meeting the requirements for restriction.

5. This policy will adhere to restrictions on the releases of personally identifiable information identified in the FERPA, 20 U.S.C. 1232g, and KRS 164.283.

6. The CPE shall ensure that data and information remain at all times under the direction and control of the CPE, that personally identifiable information is not disclosed to officials other than the CPE staff or contractors assigned to a project, and that all information is destroyed when there is no longer a need for the data for the purpose outlined.

7. Data access provisions may change if mandated by federal statute, state law, or administrative rules, where those changes are not in conflict with FERPA. The CPE may, at its discretion, propose changes in the data policy but the new rules shall not apply to data or information collected under the old policy unless proper notice has been given.

**B.  Security Requirements**

1. Security includes measures to ensure that records are not lost, stolen, vandalized, illegally accessed, or otherwise rendered useless. Since the data are stored on computers, it is essential that there be a high level of protection that provides integrity and availability commensurate with the level of risk and magnitude of harm.

2. Data, copies of data, and all reports containing personally identifiable information shall be maintained in a secure environment to prevent unauthorized access. A secure environment includes any electronic media, personal computer, server, or network on which the data reside.

3. The CPE shall use encryption or other best practices when using personally identifiable information, and shall require institutions to use encryption or other best practices when transferring personally identifiable information to the CPE.

4. Private or confidential data on an individual shall not be created, collected, stored, used, maintained, or disseminated for any purpose other than for the stated purpose.

5. Disclosure in summary reports is designed to protect an individual's identity. The Council will establish a cell size standard for reporting of data when it is necessary to keep an individual from being identified.

6. Private or confidential data will not be released to the public, to a third party, nor to provider institutions except as provided for in 34 C.F.R. § 99.31 or to authorized staff of the postsecondary education institution who released the data to the CPE.

**C.** **Requests by Individuals to Examine Their Personal Data**

1. Upon request of individuals under Section 552a(f)(1) of the Privacy Act of 1974 or 34 CFR, Section 99.20 of FERPA to gain access to their records contained in the CPE comprehensive database system, the CPE will provide a copy of all or any portion in a comprehensible form and will consider requests, in consultation with the appropriate institution, to amend the record.

2. Individuals or groups requesting directory information contained in data files provided by institutions will be directed to the respective institution.

### Instructions

Report estimated full-time, part-time, and total headcount enrollment on the official CPE enrollment reporting census date (last date which a student may add a course for credit).  Include any estimated enrollment from short-term courses beginning after the census date.  The estimated enrollment should be reflective of the total anticipated enrollments to be submitted to the Council in the official reports for fall (in November).  Report an estimate of the total student credit hours for undergraduate, graduate, and law students.  Headcount enrollment is used to calculate FTE for medical students and doctoral dissertation students.  Cells used in the calculation of FTE are shaded for clarity.

| Fall: November 1          Spring:  March 30 |

## DEFINITIONS AND INSTRUCTIONS FOR FALL/SPRING ENROLLMENT
## KENTUCKY INDEPENDENT INSTITUTIONS

### General Instructions

The fall/spring enrollment submissions should include enrollment in all courses (day, evening, off-campus, and distance education) for which semester hour credit is granted, or regular academic courses carrying zero hours credit except for zero credit hour laboratories associated with lectures if laboratory and lecture are assigned identical course IDs.  For each fall term, type one (student), type two (course), and type three (class) records should be included for each of these courses.  For each spring term, type one (student) records should be included for each of these courses. For all full-term courses, the data are to be the net enrollment as of the last date of the reporting period which students may add a course for credit (census date).  This date must agree with the official institutional calendar.  All enrollment transactions initiated on or before the census date should be processed and reflected on the submission.  Exclude students who have withdrawn on or before the census date, have not paid, or have not made arrangements with the business office for payment of tuition and fees.

Include short-term courses beginning after the effective cut-off date.  For each short-term course, an individual cut-off date should be established.  These dates, based on length of course, should be prorated consistent with the institution's policy for full-term courses.  Report winter term enrollments with the spring enrollment.

Do not include enrollment in zero credit hour laboratories associated with lectures if laboratory and lecture are assigned identical course IDs, noncredit courses, noncredit workshops, continuing education unit courses, or other courses for which regular semester hour credit is not granted.  Do not include enrollment in classes which did not materialize, were canceled, or otherwise not in fact offered.  Do not report enrollments from previous semesters, with the exception of special winter terms reported with the spring collection as mentioned above.

The type one enrollment record will be considered the master enrollment record for students.  If a student does not appear on at least one type one record during the relevant academic year, records for that student will not be accepted on the Entrance Exam, Transfer, or Financial Aid files.

### Type One (Student) Record:

1.  **Birth Date** – Report the student's full date of birth (MMDDYYYY).

2.  **County of Origin** - If the student's state of origin is Kentucky, report the county of origin using the FIPS codes from Table 5-A.  If the student's state of origin is something other than Kentucky, report the county of origin (if available) using the FIPS codes found at http://www.itl.nist.gov/fipspubs/co-codes/states.htm.  If reporting the county for states other than Kentucky is not possible, report 000.  CPE staff will approximate the county based on the zip code (see item #19).  Also report 000 for the county for students from another country.  The definition of origin is legal residence at time of first admission to the institution.

3. **Declared Major or Program Prefix** – For all students, report the appropriate declared major or program prefix code from Table 15.

4. **Declared Major** - The declared major must be consistent with the institution's degree program inventory. Use only those codes listed in that inventory (See Tables 16-B and 17). Report the student declared major for all students except those who are not permitted by institutional policy to declare a major. Students who are not permitted, by official institutional policy, to declare a major shall be coded as baccalaureate degree students with an undeclared major prefix (Code U). Students who have declared intent to major in a program with selective admissions or limited enrollment are to be reported with their declared major.

   a. Post-baccalaureate nondegree, undergraduate nondegree, graduate nondegree, and high school students enrolled in postsecondary level courses should be assigned the 90.0000 nondegree code.
   b. An undergraduate major prefix code should be reported for the not designated, undecided, undeclared student. If a specific degree level is not known, report 'U' for major prefix code.
   c. For students declaring a double major, report the first major in columns 110-118 and the second major in columns 119-127.

5. **First-Time Student** - The student is to be identified as a first-time student if he has graduated from high school and has not previously earned credits in the degree level for which he is enrolled unless the credits were earned before graduation from high school. A student should be reported as a first-time student only for the fall term in which he first enrolls.
   a. DO NOT report current high school students who are, for the first time enrolled for postsecondary credit.
   b. Report first-time students for each degree level: undergraduate (first-time freshman, sophomore, junior, and undergraduate nondegree) and graduate (master's, specialist's, doctoral, and graduate nondegree). Students in Ed.D. leadership programs who have done previous graduate-level work toward master's degrees, rank 1 and 2 certification, etc., including nondegree coursework, should not be reported as first-time graduate students.
   c. Report 'S' in the first-time student field in the fall semester for students who were first-time in the summer semester and returned to your institution in the fall.

6. **First-Time Transfer Student** - The student is to be counted as a transfer from the last institution attended prior to acceptance by the receiving institution. A first-time graduate student is not to be reported as a transfer from his undergraduate institution. Include the first-time transfer student whose transfer credits are being held pending validation of coursework. The student should be reported as he will be classified upon the validation of his coursework. Report first-time transfers for each degree level (undergraduate, graduate). The student may transfer with or without credit. A student should be reported as first-time transfer only once.

7. **FICE/IPEDS Code of Sending Institution** - Report the FICE or IPEDS code of the sending institution for each first-time transfer student from a Kentucky institution. For each first-

time transfer student from an out-of-state institution, report the code of the state (FIPS Code), territory, or foreign country of the sending institution (see Table 9).

8.  **GRS Cohort** – In column 81, for the fall enrollment report only, indicate Y if the student is full-time and eligible to be included in the Integrated Postsecondary Education Data System (IPEDS) Graduation Rate Survey (GRS) Cohort, P if the student meets the criteria and is enrolled part-time, or N if the student is not eligible.  The following criteria determine whether an undergraduate student is included in the cohort:

    Full-time First-time:  Include students who attended college for the first time (either part-time or full-time) in the prior summer term whether at the same college, another college in Kentucky, in another state, or another country. Summer semester will be counted whether the student enrolled as degree-seeking or not.  Also include students who have entered with advanced standing (college credits earned before graduation from high school).  Degree/certificate seeking: Students must be enrolled in courses creditable toward a degree, diploma, certificate, or other formal award. Include students in occupational and vocational programs.  Students at four-year institutions whose intent is not known are to be reported in the bachelor's cohort.

9.  **High School GPA** – Report the weighted high school grade point average converted to a four-point scale for all first-time undergraduate degree-seeking students.  It should be right justified and show two decimal places (decimal is implied).

10. **ID Type –** Report '1' if the student ID is a valid Social Security Number or '2' if it is some other ID number (institutional ID, SEVIS, other).

11. **Institutional ID –** Report in columns 138-147 the student's institutional ID number.  This field is optional.

12. **KDE ID –** Report the ten-digit ID number supplied by the Kentucky Department of Education and found on the student's high school transcript in columns 148-157 for all first-time students who graduated from a public high school in 2008 and later and for high school students (students enrolled in dual credit courses or dually enrolled).

13. **Multi-Institution Program –** If the student is enrolled in a joint, cooperative, collaborative, or other multi-institution program, report 'X' in column 128 for the first major or in column 129 for the second major.

14. **Race –** In column 69, report the race code from Table 2 using the descriptions in Table 2.

    In columns 158-165, report Y or N using the following descriptions:

    - **Hispanic or Latino** - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
    - **American Indian or Alaska Native** - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.
    - **Asian** - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

- **Black or African American** - A person having origins in any of the black racial groups of Africa.
- **Native Hawaiian or Other Pacific Islander** - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

- **White** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

- **Nonresident alien -** A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the field provided, rather than included in any of the six racial/ethnic categories. Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.
- **Race and ethnicity unknown** - This category is used only if the person did not select EITHER a racial or ethnic designation.

15. **Student Classification**

    a. An undergraduate student is to be classified based on total semester credit hours earned, except in the following cases:
       1. A transient student should be classified as "undergraduate nondegree."
       2. Special students are listed in the definitions: "audit student," "post-baccalaureate nondegree student," "post-baccalaureate degree seeking," "post-baccalaureate certificate," "undergraduate nondegree," or "high school."

    b. A graduate transient student should be classified as "graduate nondegree."

    c. A post-master's student, not officially admitted to a certificate, master's, specialist's, or doctoral program, should be classified as "graduate nondegree."

    d. A regular degree-seeking student who, for a semester, enrolls as an audit student only may be reported with his regular classification and declared major. This applies only to degree-seeking students.

16. **Total Credit Hours** - Total hours taken for credit, excluding audit hours.

17. **Transfer Credit** - For each undergraduate first-time transfer student, report in columns 82-84 the total number of semester credit hours recorded on the student's academic permanent record as accepted by your institution as transfer credit from all previously attended Kentucky and out-of-state institutions. If hours cannot be determined at the time of reporting, please report XXX in columns 82-84. At a later date, institutions will report actual transfer hours for all reported XXX's. For students who have previously earned a

degree and are pursuing a second degree at the same level (undergraduate), report **tbd** (transfer baccalaureate degree) or **tad** (transfer associate degree) in columns 82-84. If decimals, round to the nearest whole number (less than .50 round down). If no credit hours are accepted for a first-time transfer student, report **000** in columns 82-84.

18. **Year of High School Graduation, First-Time Degree-Seeking** - Report the year the student graduated from high school or received the GED certificate in columns 102-105.

19. **Location of High School Graduation, First-Time Degree Seeking** - Report students graduated from a Kentucky high school by specific high school code. If the high school does not appear in Table 13, report by county as shown in the table. For a student with a GED certification, use the code B121. For a student graduating from an out-of-state high school, use the code B200. For a student with no high school diploma or GED certificate, use the code B122. For a student who is home schooled, use the code B123. For a student who has been home schooled, but who also received the GED, report the home schooled code B123. Beginning in fall 2008, also report the high school code for high school students (classification 20) who are dually enrolled or are enrolled in dual credit courses.

20. **Zip Code** – Report the zip code of the current permanent address of all students in columns 130-134. Leave blank for international students.

**Type Two (Course) Record:**

1. **Audit** - Code "Y" (Yes) for audit courses and "N" (No) for courses taken for credit.

2. **Credit Hours** - Number of hours for which a student is receiving credit. For audit courses, code number of hours for which the student was charged.

3. **International Exchange Course** - For each student currently enrolled in an institution in another country under a formal international exchange program, report a Type Two Record with the Course Prefix and Number of IES 333 (universities) or 233 (KCTCS colleges), and report the code for the foreign country in which the student is enrolled in the Course ID section field, right justified. Report course with one credit hour. For foreign students attending a Kentucky institution, report a Type Two Record for each course in which the student is enrolled.

4. **National Student Exchange Course** - For each student enrolled in your institution but currently attending an institution in another state under the National Student Exchange Program, report a Type Two Record with the Course Prefix and Number of NES 333 (universities) or 233 (KCTCS colleges), and report the code for the state in which the student is enrolled in the Course ID section field, right justified. Report the course with one credit hour. For students from institutions in another state who are attending a Kentucky institution, report a Type Two Record for each course in which the student is enrolled.

**Type Three (Class) Record:**

1. **On/Off-Campus Classification** - A course taught partially at a location classified as on-campus and partially at a location classified as off-campus is to be counted as on-campus only if at least fifty percent of the instruction takes place on-campus. IES 333 (International Exchange Student) and NES 333 (National Exchange Student) are to be reported as on-campus.

2. **Off-Campus Location** - For each course taught off-campus, report the county, state, or country in which the class is located (see Tables 4-A, 4-B, and 5-A). If a course is taught off-campus at an out-of-state or foreign country location, report the off-campus location with a "B" and the state code from Table 4-A or the foreign country code from Table 4-B. Example: A course taught in Ohio would be reported "B39."

3. **Course Level** - Each course should be assigned only one course level (see Table 10). The course level should be assigned relative to the intended degree of complexity or expected level of student comprehension rather than the student level (or classification) of those enrolled in the course. The course level should be coded based on the following:

   a. *Lower Division* - Courses designed primarily for the instruction of freshman or sophomore students.
   b. *Upper Division* - Courses designed primarily for the instruction of junior or senior students.
   c. *Graduate* - Courses designed primarily for the instruction of graduate students.

   Courses designed to jointly serve two student levels should be assigned the lower of the appropriate codes.

4. **Dual Credit** - In column 25 indicate whether course is for dual credit; in column 26 indicate whether teacher of record is a high school teacher.

5. **Credit Hours - Minimum and Maximum** - For a course offered for a fixed number of credit hours, report that number in Columns 27-29. If the course is offered for different hours credit (example: 1 hour, 2 hours, or 3 hours), report the minimum hours for which it is offered in columns 27-29 and the maximum hours in columns 30-32.

6. **Off-Campus Site** - For each course taught off-campus and outside the institution's home county, also report the site (town and community) in which the class is located. In columns 46-48 report the appropriate off-campus site from Table 29. For each new site not contained in Table 29, assign the next available numeric code.

7. **Courses Taught in Multiple Counties, States, or Countries** - For courses taught in more than one county, state, country, or any combination, use the codes from Tables 4A, 4B, and 5A as follows: multiple states - B99; multiple foreign countries – BZZ; multiple Kentucky counties – B21; other multiple sites - BMS.

8. **Distance Learning** – Report distance learning course providers on the Type 3 record by entering "I" for institutionally provided courses, "K" for KYVC courses, ~~"T" for KET courses,~~ and "O" if other organizations are providing the reported distance learning course in column 40. To be counted as KYVC (a) a course, module, or other program must be housed on a course management platform or other software licensed by the KYVC or (b) the registration for the course, module, or other program occurred through KYVC regardless of where the course is housed electronically. Report the code from Table 6 for the primary mode of delivery for these courses. The off-campus location in columns 34-36 and the off-campus site in columns 46-48 can be left blank for distance learning courses.

9. **KET/KYVC** – Report Y or N ~~in column 56 to indicate whether or not a course uses the services of KET and~~ in column 57 to indicate use of KYVC services.

10. **Developmental Course** – Report 1, 2, 3, 4, or 0 from Table 26 in column 49 for developmental courses. Leave blank if course is not developmental.

11. **Supplemented Courses** – For each entry-level, credit-bearing course that offers supplemental academic support for students with developmental or orientation needs, such as extra class sessions, additional labs, tutoring or monitoring of students, report the type of supplemental instruction provided from Table 26, leaving the field blank if no supplemental instruction is offered. Only report as supplemented for English, mathematics, science, or reading (codes 1-4) if the course can be substituted for a developmental/remedial course in that subject or if the course is designed for students scoring below the minimum placement or entrance exam score needed for placement in a regular (non-supplemented), credit-bearing class. The course description given in Table 26 only refers to the type of supplemental instruction offered, not the course as a whole, as the supplemented course designation is only for credit-bearing courses, not developmental or remedial courses.

12. **Regional Postsecondary Education Center** – If a course is taught at one of the six official regional postsecondary education centers or the University Center of the Mountains, report in columns 44-45 the code from Table 28 that corresponds to its location. If not, leave blank.

13. **International Exchange Class** - Report a Type Three Record to include all students enrolled in an institution in another country during the current semester in a formal international student exchange program. The class is to be reported with Course Prefix and Number of IES 333. Report the code for the foreign country in which the student is enrolled in the Course ID section field, right justified. Report a separate Type Three Record for each foreign country in which students are enrolled. Report each class with one credit hour. Report course level code of 00 for each IES class. Report the class with the on-campus location.

14. **National Student Exchange Class** – Report a Type Three Record to include all students who are enrolled in your institution, but who are attending an institution in another state during the current semester as a participant in the National Student Exchange Program. The class is to be reported with the Course Prefix and Number of NES 333. Report the code for the state in which the student is enrolled in the Course ID section field, right justified. Report a separate Type Three Record for each state in which students are enrolled. Report each class with one credit hour. Report the course level code of 00 for each NES class. Report the class with the on-campus location.

## Definitions

1. **Audit Course** - A credit course will be defined as "audit" for a student who takes the course for zero hours credit.

2. **Audit Student** - Student who is not enrolled in a certificate, diploma, or degree program but is enrolled only in one or more "audit course." (See instruction 15.d for reporting degree-seeking students auditing courses.)

3. **County, State, Territory, or Foreign Country of Origin** - County, state, territory, or country of legal residence at time of first admission to the institution.

4. **Course Level** - The level of offering for instructional courses. Course levels are assigned relative to the intended degree of complexity or expected level of student comprehension rather than the student level of those enrolled in the course.

5. **Declared Major** - The major program and certificate, diploma, or degree level objective, according to the student's stated intent.

    a. *First Major* - The student declared major field of greater specialization and/or primary interest.
    b. *Second Major* - For a student declaring two majors, the field of secondary interest.
    c. *Undecided, Undeclared Major (00.0000)* - The major field for a certificate, diploma, or degree-seeking student who has not declared a major, or who, because of official institutional policy, is not permitted to declare a major.

6. **Declared Major or Program Prefix Code** – The alpha code indicating the level of a student's declared degree or program as listed in Table 15.

7. **Distance Learning** – Any for-credit instruction where more than 50 percent of the delivery of instruction may utilize any or all of the following: print material, e-mail, telephone, audiotape, videotape, television/VCR, satellite, or computer for access to CD ROM, interactive video, Internet, or the Web. The instructor must be physically separated from the students for the majority of the term. This criterion excludes sessions that may be scheduled individually, such as advising, labs, or testing. KTLN sections that originate from campus are considered distance learning courses.

8. **Doctor's Degree – Research/Scholarship** – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A., D.Sc., D.A., or D.M., and others, as designated by the awarding institution.

9. **Doctor's Degree – Research/Scholarship Dissertation Student** - Doctoral student who has completed all required coursework and is working on his research project or dissertation.

10. **Doctor's Degree – Professional Practice** – A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six

full-time equivalent academic years.  Some of these degrees were formerly classified as "first-professional" and may include:  Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O.); Pharmacy (Pharm. D.); Podiatry (D.P.M., Pod.D., D.P.); or Veterinary Medicine (D.V.M.), and others as designated by the awarding institution.

11. **Dual Credit Course** - A course for which both a high school and a college/university award credit to a high school student.

12. **Ethnicity** – As noted in the Integrated Postsecondary Education Data System (IPEDS) Enrollment Survey instructions, a nonresident alien is a person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. As noted in the Council on Postsecondary Education Administrative Regulation 13 KAR 2:045 for determination of residency status for admission and tuition assessment purposes the following nonimmigrant visa designations are not eligible to establish domicile or residency: B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, O, P, Q, S, TD, or TN. Students holding these visas should be reported as nonresident aliens.

Alternatively, resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status are to be reported in the appropriate racial/ethnic categories along with United States citizens. These students hold an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status (such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian). Also, students with visa designations A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, and R are permitted to establish domicile in the United States and should be reported in the appropriate racial/ethnic categories along with United States citizens.

A foreign student who lives outside the United States and who is taking only online courses should be reported as a nonresident alien.

13. **First-Time Student** (Other than first-time transfer) -

   a. *First-Time Undergraduate Student* - An undergraduate student who has not previously attended any postsecondary institution or who attended college level courses as a high school student and is currently enrolled for the first time since high school graduation.  Include students who were first-time in the summer semester and returned to your institution in the fall.  DO NOT include students who are currently in high school taking collegiate level courses.  Includes first-time freshman (01), first-time sophomore (02), first-time junior (03), and undergraduate nondegree (05).
   b. *First-Time Graduate Student* - A graduate student who has, for the first time, been classified as a graduate student.  Includes master's (06), specialist's (07), doctor's degree – research/scholarship (08), doctor's degree – professional practice (12), and graduate nondegree (16) students.

14. **First-Time Transfer Student** - A certificate-, diploma-, or degree-seeking student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate).  The student may transfer with or without credit.

15. **Freshman** - Student who has graduated from high school and earned fewer credits than officially required by the institution for sophomore classification.

16. **Full-Time Equivalent (FTE)** – A single value providing a meaningful combination of full-time and part-time students. Full-time equivalent enrollments are calculated using the following formula.

(Undergraduate student credit hours/15)+(graduate SCH/12)+(law SCH/12)+(headcount of medical, dental, and pharmacy students)+(headcount of doctoral dissertation students)+(headcount of post-doctoral students)+(headcount of house staff)

17. **Full-Time Student** - A student enrolled for the number of hours required by the institution for full-time status. Hours in courses taken for audit are to be included in the calculation of full-time status.

18. **Graduate Nondegree Student** - Student with at least a baccalaureate degree enrolled in the graduate school but not in a degree program.

19. **High School Student** - Student currently in high school and enrolled in postsecondary level courses; should be reported as 90.0000 -- nondegree student major program code.

20. **Junior** - Student who has earned the credits officially required by the institution for classification as a junior.

21. **Main Campus** - Property located in the institution's home county and owned by the institution or one of its affiliated corporations.

22. **Master's Degree Student** - Student with at least a baccalaureate degree enrolled in a graduate program which results in a master's degree.

23. **Multi-Institution Program** – A program that involves resource sharing among multiple institutions or organizations. All participating institutions share responsibility for some aspects of the program's delivery and quality. The appropriate faculty and staff of each participating institution will agree on the home school of enrollment for participating students, degree conferral, financial aid, program delivery, the allocation of equipment and facilities, provision of student services, assessment criteria, and the general management of the program. A copy of the program agreement will be submitted to the Council on Postsecondary Education prior to recognition of the arrangement on the CPE's *Registry of Degree Programs*. This definition applies to joint, cooperative, and collaborative programs and other multi-institution agreements.

24. **Net Credit Hour Enrollment** - Total credit hours for which a student is enrolled as of the census date.

25. **Net Headcount Enrollment** - Total number of students who are enrolled as of the census date.

26. **Off-Campus Instruction** - All courses taught at any location other than "on-campus."

27. **On-Campus Instruction** - All courses taught within the boundaries of the main campus.

28. **Post-Baccalaureate Nondegree Student** - Student with a baccalaureate degree who is enrolled in undergraduate coursework but is not enrolled in an undergraduate degree program; should be reported with nondegree major program code (90.0000).

29. **Post-Baccalaureate Certificate Student -** A student enrolled in a CPE-approved post-baccalaureate certificate program. Report with classification code 31 - Post-Baccalaureate Certificate, degree program prefix code C, and the appropriate post-baccalaureate certificate program CIP code.

30. **Post-Baccalaureate Degree-Seeking Student -** A student with a baccalaureate degree who is working toward another baccalaureate degree or an associate degree. Report with classification code 30 - Post Baccalaureate Degree-Seeking, and with the appropriate degree prefix and program CIP code.

31. **Post-Master's Certificate Student** – A student enrolled in a CPE-approved post-master's certificate program. Report with classification code 32 – Post-Master's Certificate, degree program prefix code C, and the appropriate post-master's certificate program CIP code.

32. **Primary Distance Learning Mode of Delivery –** For each distance learning course, indicate the method of instructional delivery:

    - Internet/World Wide Web.
    - Site to site, 2 way, audio/video. Includes compressed video via land lines (e.g., T1 lines).
    - Open Broadcast/Community Cable Television – A telecourse that is transmitted by traditional television open broadcast signal and that can usually be viewed in one's home via antenna reception or local cable service.
    - Print-based, Audiotaped, Videotaped, Telephone, or CD.
    - ~~Kentucky Educational Television – Open broadcast courses offered by KET.~~
    - Satellite and Microwave Telecourse – Telecourse that requires students to report to a specific site to enroll in and view the course. Includes satellite and microwave delivery.

33. **Regional Postsecondary Education Center –** One of the six official regional postsecondary education centers and the University Center of the Mountains, listed in Table 28.

34. **Senior** - Student who has earned the credits officially required by the institution for senior classification.

35. **Sophomore** - Student who has earned the credits officially required by the institution for sophomore classification.

36. **Specialist's Degree Student** - Student with at least a master's degree enrolled in a graduate program which results in a specialist's degree.

37. **Transfer Credit –** The total semester credit hours recorded on the student's academic permanent record as accepted by the institution as transfer credit from all previously attended Kentucky or out-of-state institutions.

37. **Transient Student** - A student in good standing in any recognized institution who is taking work in another institution to transfer back to the first institution.

38. **<u>Undergraduate Nondegree Student</u>** - Student who is enrolled for credit in undergraduate courses but does not intend to receive a degree from the institution and has not received an undergraduate degree.  Should be reported with 90.0000 – nondegree program.  (DO NOT include students who are currently in high school taking collegiate level courses.)

39. **<u>Undergraduate Student</u> –** Student enrolled in a four- or five-year bachelor's degree program, an associate degree program, or in a vocational or technical program below the baccalaureate that is normally terminal and results in formal recognition.

# Transfer File

| DUE DATE:  __August 1__ |
| --- |

**TRANSFER FILE**
**TYPE T**

**General Instructions**

The purpose of this file is to capture all transfer credits accepted for enrolled students, not just the credits of first-time transfer students that were accepted in their first semester of enrollment.   Report all transfer credits accepted for undergraduate students who were enrolled during the semester, as reported on the Type 1 file.  Report this information once a year and include data from all three reporting semesters (summer, fall, and spring).  Do not include graduate students.

If transfer credits are accepted in a semester in which a student is not enrolled, report these credits in the student's next semester of enrollment.  For instance, if an applicant is awarded transfer credit but does not enroll in the expected semester, do not report this credit until the semester in which the student enrolls, regardless of academic year.  Or, if a student takes an online course at another university and the transfer credits are awarded during the summer or when the student is stopped-out, do not report these credits until the student's next semester of enrollment, regardless of academic year. This is to prevent transfer credits from being included in the file that are not actually used toward some academic objective by the student.  No transfer credits should be reported for students who never enroll in your institution.

**Relationship between semester of credit acceptance and semester of enrollment**

|  | **Enrolled during semester** | **Not enrolled during semester** |
| --- | --- | --- |
| **Credit accepted during semester** | Report in semester. | Report once in next semester of enrollment, regardless of academic year. |
| **Credit accepted during any previous semester** | Report in semester if record was not previously submitted to CPE.  Do not report again in future semesters. | Do not report in semester.  If student never enrolls, do not report transfer credits accepted. |

Only report transfer credits once.  If a transfer record has been reported to CPE in a previous year's transfer file, do not include it again, regardless of semester of enrollment.  Report previously-accepted credits in the next semester of enrollment regardless of when the credits were accepted, as long as the credits are still valid.

Submit one record for each institution from which credit is accepted for each student.  Report the semester the credit is accepted in columns 31-35.  Report all transfer credits accepted regardless of whether the student is considered a first-time transfer or not.  For example, a first-time transfer student may enter with coursework accepted from three institutions.  That student will have three records for that term.  A continuing student could take a summer or online class from another institution.  When the student brings that transcript to your institution and you accept the credit, she would have one record of those credits reported on this file.  If a student transfers in credit from one institution at two or more points in time, include one record for each instance.  If a student transfers in credit from two or more institutions in the same state, include one record for each instance. Do not include records for students who were reported as first-time transfer, but without any transfer hours.

## Definitions

1.  **Transfer FICE** – The FICE code of the sending institution for each student from a Kentucky institution. For each transfer from an out-of-state institution, report the code of the state (FIPS code), territory, or foreign country of the sending institution. Institution and state codes are listed in Table 9. If the sending institution is not listed and the coursework was taken online, report the transfer FICE according to the geographic location of the sending institution as listed in Table 9, regardless of the student's residency at the time.

2.  **Term** - Term refers to the academic reporting term when your institution accepts the credit and **not** the term the student took the course. Term is the year plus the semester coded as follows: summer = 20101; fall = 20102; spring = 20113.

# Entrance Exam File

**ENTRANCE EXAM FILE**

### General Instructions

This file should include records for an institution's academic year cohort of first-time (including first-time transfer) undergraduate degree-seeking students (bachelor's, associate, certificate, diploma, and undecided/undeclared), but exclude nondegree students. The file will be expected to include the same students identified as such on the previous summer, fall, and spring Type 1 records.

### Entrance Exam File:

1.  **ACT Scores** –The mathematics, English, reading, science reasoning, and composite scores on the ACT Assessment that the institution uses for placement purposes. Test dates are included for each subscore to indicate when that subsection of the test was taken.

2.  **First-Time Undergraduate Student** - An undergraduate student who has not previously attended any postsecondary institution or who attended postsecondary level courses as a high school student and is currently enrolled for the first time since high school graduation. DO NOT include students who are currently in high school taking postsecondary level courses. Includes first-time freshmen and first-time sophomores. Do not include first-time nondegree students in the Entrance Exam File.

3.  **First-Time Undergraduate Transfer Student** - A certificate-, diploma-, or degree-seeking student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the undergraduate level. The student may transfer with or without credit.

4.  **Institutional Placement** – If an institutional assessment, such as an exam developed by a department, was used to place a student in a college-level course, report a "1" in the appropriate column. Otherwise leave the column blank.

5.  **Placement Exams** – Exams administered on-campus that are used to place students who do not report ACT or SAT scores or students who would like to place out of developmental coursework. Report by subject. If students take more than one placement exam in a given subject, report the score on the highest level exam taken.

**6. Placement Exam Codes**

| Code | Exam |

# Formal Awards Conferred

July 1, 2010 – June 30, 2011

| DUE DATE: |
| August 1 |

**DEGREES AND FORMAL AWARDS CONFERRED**
**JULY 1 - JUNE 30**

**General Instructions**

The degrees and formal awards file should reflect the academic period between July 1, 2010, and June 30, 2011. One record for each degree or award conferred should be included in this submission. If a student is conferred two separate degrees (not a double major) in the same reporting period at the same level (for instance, a B A in chemistry and a B S in computer science) or at two different levels (for instance, an associate degree and a baccalaureate degree), this student would have two separate records in the file. The date for each degree or award conferred should be reported by term – fall, spring, or summer. Do not report any degrees or awards conferred in previous academic years or not yet completed based on institutional academic policy. Reporting of multi-institution (joint, collaborative, or cooperative) degrees should reflect the degree-granting status of the participating institutions. See Table 17.

**Degrees and Formal Awards Conferred Record:**

1. **Birth Year** - Report the student's full date of birth (MMDDYYYY).

2. **Date Conferred** - Report the date of receipt of degree, certificate, or diploma for graduates whose date of completion of degree, certificate, or diploma requirements and date of receipt of degree, certificate, or diploma differ. If a degree is awarded and backdated to a previous reporting period, report the degree in the next reporting period. Report the year and semester conferred. For example, 20102 would be fall 2010.

3. **Majors** - Majors must be consistent with each institution's program inventory. Use only those codes listed for your institution in Table 17.

4. **Earned Credit Hours -** For each first-time associate and baccalaureate degree recipient, report in columns 120-122 the total number of credit hours earned at the time of degree or program completion. This total should include the number of hours accepted in transfer. Do not report credit hours for persons earning a second degree at the same level. For these persons, report **tbd** (transfer baccalaureate degree) or **tad** (transfer associate degree). For each certificate or diploma recipient, report in columns 120-122 the total number of semester credit hours earned for that credential. For subsequent certificate or diploma completions within the same program area, report only the additional hours earned for the additional certificate or diploma.

5. **Honorary Degree** - Do not include honorary degrees in this report.

6. **Majors of Students Prepared to Teach** - Students receiving baccalaureate degrees that have prepared them to teach an academic subject such as English, biology, or French should be reported respectively in English (23.0101), biology (26.0101), and French (16.0901) and not in education.

7. **Multi-Institution Program** – If the student received a degree offered jointly by more than one institution, report 'X' in column 119.

8. **Multiple Majors** - When a student graduates with a major in two or more discipline specialties, report each discipline specialty in which the student completed a major. The first reported major (columns 103-110) should agree with the major reported to NCES in the IPEDS Completions Survey.

9. **State/County of Origin** - Use the FIPS codes found in Tables 4A and 5A for reporting state and county of origin. If the student's state of origin is Kentucky, report the county of origin using the FIPS codes from Table 5-A. If the student's state of origin is something other than Kentucky, report the county of origin using the FIPS codes found at http://www.itl.nist.gov/fipspubs/co-codes/states.htm.

10. **ID Type** – Report '1' if the student ID is a valid Social Security Number or '2' if it is some other ID number (institutional ID, SEVIS, other).

11. **Degree Conferred** – Report in columns 88-102 the specific degree being conferred; for example, BA, BS, AA, AAS.

12. **Race** – In column 74, report the race code from Table 2 using the descriptions in Table 2.

    In columns 133-140, report Y or N using the following descriptions:

    - **Hispanic or Latino** - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
    - **American Indian or Alaska Native** - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.
    - **Asian** - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
    - **Black or African American** - A person having origins in any of the black racial groups of Africa.
    - **Native Hawaiian or Other Pacific Islander** - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

    - **White** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

    - **Nonresident alien -** A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the field provided, rather than included in any of the six racial/ethnic categories. Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.
    - **Race and ethnicity unknown** - This category is used only if the person did not select EITHER a racial or ethnic designation.

# DEGREES AND FORMAL AWARDS CONFERRED

## Definitions

1. **Certificate Program Less Than One Year** - An institutionally approved, formally organized undergraduate program which is less than 24 hours in length or a graduate program that is less than 18 hours in length is not subject to approval by CPE.

2. **Date of Conferral** - The date of graduate's receipt of degree, certificate, or diploma:

   1. *Summer* – Degrees, certificates, or diplomas awarded at close of summer semester;
   2. *Fall* – Degrees, certificates, or diplomas awarded at close of fall semester; or
   3. *Spring* – Degrees, certificates, or diplomas awarded at close of spring semester.

3. **Diploma** - A program of study designed to prepare students for technical employment within a one- to two-year period (36-68 credit hours). The total number of credit hours for the diploma must not exceed those required for a degree in the same program of study. A prescribed program of technical and general education courses is designed to prepare students for a specific job title.

4. **Doctor's Degree – Research/Scholarship** – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A., D.Sc., D.A., or D.M., and others, as designated by the awarding institution.

5. **Doctor's Degree – Professional Practice** – A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as "first-professional" and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O.); Pharmacy (Pharm. D.); Podiatry (D.P.M., Pod.D., D.P.); or Veterinary Medicine (D.V.M.), and others as designated by the awarding institution.

6. **Kentucky County, State, Territory, or Foreign Country of Origin** - County, state, territory, or country of legal residence at time of first admission to the institution.

# Student Financial Aid

| DUE DATE: |
| :---: |
| **November 15, 2010** |

**STUDENT FINANCIAL AID FILE**

**General Instructions**

This file will include records for all undergraduate students who received financial aid from any source during the 2009-10 academic year, whether or not a FAFSA was filed. This includes students who received tuition waivers as their only form of financial aid. The amounts reported should be the cumulative total of all aid given to a student within a single category at any time within the 2009-10 academic year, including the fall 2009, spring 2010, and summer 2010 semesters. Undergraduate students are defined by student classification in Table 7 of the database guidelines and the records submitted will be edited to match an institution's Type 1 enrollment records for the fall 2009, spring 2010, and summer 2010 semesters.

All aid amounts should reflect student financial aid that has been disbursed, not awarded. Funds include those that the financial aid office awards to a student through the Bursar's Office. Funds that are based upon a third party billing are considered disbursed aid and should be included in the data. Likewise, private aid, such as employer reimbursements or outside scholarships that are paid directly to the students and do not go through the financial aid office should be reported to the extent that the financial aid office is aware of the aid awarded. Dollar amounts for the aid fields are five digits long to capture amounts up to $99,999.49 rounded to the nearest dollar, without commas or decimals. For example, an aid amount of "$12,345.78" should be submitted as "12346." The income fields are eight digits long to capture amounts up to $9,999,999.49 rounded to the nearest dollar, with a negative sign but without commas or decimals. Negative numbers should be reported in these fields with a negative sign.

If a Kentucky independent institution chooses not to submit the FAFSA/ISIR fields, CPE can collect this data directly from KHEAA.

**Data Definitions:**

1. **Employer Paid Tuition** – This field includes tuition paid by third-party employers only, to the extent that the student financial aid office is aware of tuition paid by third party employers. Tuition waivers given to faculty/staff and their families should not be included here, but should be included in the Tuition Waivers field.

2. **FAFSA/ISIR Cost of Attendance (COA)** – This field should reflect the student's most updated amount that was used for calculating student aid during the academic year, including the FAFSA/ISIR COA or one that has been adjusted by your institution.

3. **FAFSA/ISIR Dependency Status** – This field should reflect the student's most updated status during the academic year and should be reported using ISIR codes:
   > D = Dependent, calculated EFC provided
   > I = Independent, calculated EFC provided
   > X = Dependent rejected, no EFC calculated
   > Y = Independent rejected, no EFC calculated
   > Blank = missing

4. **FAFSA/ISIR Expected Family Contribution (EFC)** – This field is for the student's primary EFC and should reflect the student's most updated amount that was used for calculating student aid during the academic year including the FAFSA/ISIR EFC or one that has been adjusted by your institution. If a student's EFC is " None Calculated," report this under the dependency code, as on the ISIR. Because zero (0) is a valid value in this field, do not use zero (0) for missing values. Leave missing values blank.

5. **FAFSA/ISIR Dependents Other than Children/Spouse** – This field should reflect the student's most updated status during the academic year and should be reported using ISIR codes:
   > 1 = Yes
   > 2 = No
   > Blank = missing

6. **FAFSA/ISIR Father's Educational Level** – The father's highest grade level completed should reflect the student's most updated status during the academic year and should be reported using ISIR codes:
   > 1 = Middle School/Jr. High
   > 2 = High School
   > 3 = College or beyond
   > 4 = Other/Unknown
   > Blank = missing

7. **FAFSA/ISIR Grade Level in College** – This field should reflect the student's most updated status dur ing t he a cademic year a nd s hould be reported us ing ISIR c odes. Because zero (0) is a valid value in this field, do not use zero (0) for missing values. Leave missing values blank.

> 0 = 1st year, never attended college before
> 1 = 1st year, attended college before
> 2 = 2nd year/sophomore
> 3 = 3rd year/junior
> 4 = 4th year/senior
> 5 = 5th year/other undergrad
> Blank = missing

8. **FAFSA/ISIR Have Children You Support** – This field should reflect the student's most upda ted s tatus dur ing t he a cademic year a nd s hould be r eported u sing ISIR codes:

> 1 = Yes
> 2 = No
> Blank = missing

9. **FAFSA/ISIR Marital Status (Student's)** – This f ield s hould r eflect t he s tudent's most upda ted s tatus dur ing t he a cademic year a nd s hould be r eported u sing ISIR codes:

> 1 = Unmarried (single, widowed, divorced)
> 2 = Married/Remarried
> 3 = Separated
> Blank = missing

10. **FAFSA/ISIR Mother's Educational Level** – The m other's h ighest g rade l evel completed should reflect the student's most updated status during the academic year and should be reported using ISIR codes:

> 1 = Middle School/Jr. High
> 2 = High School
> 3 = College or beyond
> 4 = Other/Unknown
> Blank = missing

11. **FAFSA/ISIR Parent's Adjusted Gross Income from IRS Form** – This field should reflect the most updated amount that was used for calculating student aid during the academic y ear, including the F AFSA/ISIR amount or a djustments ma de by yo ur institution. B ecause z ero ( 0) i s a va lid va lue i n t his f ield, do not u se z ero ( 0) f or missing values. Leave missing values blank.

12. **FAFSA/ISIR Student Adjusted Gross Income from IRS Form** – This field should reflect the most updated amount that was used for calculating student aid during the academic y ear, including t he F AFSA/ISIR a mount or a djustments m ade b y your institution. Because z ero ( 0) i s a va lid va lue i n t his f ield, do not u se z ero ( 0) f or missing values. Leave missing values blank.

13. **FAFSA/ISIR Total Income (TI: Family Income)** – This field should reflect the most updated amount that was used for calculating student aid during the academic year, including the FAFSA/ISIR amount or adjustments made by your institution. Because zero (0) is a valid value in this field, do not use zero (0) for missing values. Leave missing values blank.

14. **Federal Financial Aid Fields** – These fields should include the cumulative amount of financial aid disbursed to each student from a particular federal program throughout the academic year, including the fall, spring, and summer semesters.

15. **Institutional Grants and Scholarships** – Includes institutional grants, scholarships, fellowships, and other aid which the student does not need to pay back and which does not include a work expectation. Following IPEDS, "These awards do not require the performance of services by the recipient while a student (such as teaching) or subsequently. The term does not include loans to students (subject to repayment), College Work-Study Program (CWS), or awards granted because of faculty or staff status. Also not included are awards to students where the selection of the student recipient is not made by the institution. Examples of this would include Lions Club scholarships where the club selects the recipient and Wal-Mart scholarships where the company names the recipient." If a third party selects the student recipient, this award should be included under "Scholarships/Grants from Third Parties."

16. **Institutional Need-Based Grants/Scholarships, Loans, or Work-Study** – The cumulative academic year amount of institutional aid of that particular type (scholarships, loans, or work-study) disbursed to a student based solely on financial need as determined by the Federal Methodology (federal Cost of Attendance (COA) minus federal Expected Family Contribution (EFC)). If any factor other than need is used to determine eligibility for a portion of a student's aid, report that portion as non-need or mixed need/non-need-based aid.

17. **Institutional Need/~~Merit~~Non-Need-Based Grants/Scholarships, Loans, or Work-Study** – The cumulative academic year amount of institutional aid of that particular type (scholarships, loans, or work-study) disbursed to a student based on any combination of financial need as determined by the Federal Methodology (federal Cost of Attendance (COA) minus federal Expected Family Contribution (EFC)) and characteristics other than financial need, including academic achievement, geography, demographics or special skills, talents, etc. Leave these fields blank if your institution does not have programs which combine need and non-need factors (as these terms are defined in this document) in the disbursing of aid.

18. **Institutional Non-Need-Based Grants/Scholarships, Loans, or Work-Study** The cumulative academic year amount of institutional aid of that particular type (scholarships, loans, or work-study) disbursed to a student based solely on characteristics other than financial need, including academic achievement, geography, demographics, or special skills, talents, etc. If need is used to determine eligibility for a portion of a student's aid, report that portion as need or mixed need/non-need-based aid as appropriate.

19. **Kentucky's Affordable Pre-Paid Tuition (KAPT)** – The Council is aware that some institutions do not have the ability to report this item. In that case, leave this field blank.

20. **Scholarships/Grants from Third Parties** – This category includes awards to students where the selection of the student recipient is not made by the institution. Examples of this would include Lions Club scholarships where the club selects the recipient and Wal-Mart scholarships where the company names the recipient. A standing scholarship program funded by a third party for which the institution chooses the student recipients should be recorded under "Institutional Grants and Scholarships."

21. **Tuition Waivers and Discounts** – This field includes any tuition waiver or discount given to faculty/staff and their families, as well as statutory tuition waivers such as those granted to former foster children or veterans. A tuition waiver is tuition not charged to the student's account, or a waiver of all or part of the tuition due; a waiver includes no funding from internal or external sources. Regardless of accounting procedures at your particular institution, it is the intent of this data element to capture the value of tuition that is not charged, whether a discount or a waiver.

# The Michael Minger Act
# Report

# The Minger Reporting System

**About the Law**

The Michael Minger Act is a Kentucky state law that requires public colleges and universities as well as private institutions licensed by the Kentucky Council on Postsecondary Education (CPE) to report campus crimes to their employees, students, and the public on a timely basis.

**About the Reporting System**

The Minger Reporting System is a Web-based data input system provided by the Kentucky Council on Postsecondary Education.  As part of the Michael Minger Act, the Council is responsible for providing crime statistics and policy information for all postsecondary education institutions in Kentucky.  The Minger Reporting System can be found at [www.Minger.ky.gov](www.Minger.ky.gov).  The site is open for reporting beginning January 1 of each year and **the report must be completed by August 31 of each year**.

## TABLE 2

## ETHNIC CODES

| Code | Ethnic Category |
|------|-----------------|
| 1 | Nonresident Alien |
| 2 | Black, Non-Hispanic Only |
| 3 | American Indian or Alaskan Native, Non-Hispanic Only |
| 4 | Asian, Non-Hispanic Only |
| 5 | Hispanic or Latino, regardless of race |
| 6 | White, Non-Hispanic Only |
| 7 | Race and Ethnicity Unknown |
| 8 | Two or More Races |
| 9 | Native Hawaiian or Other Pacific Islander, Non-Hispanic Only |

**Descriptions:**

*Nonresident Alien* - A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the field provided, rather than included in any of the six racial/ethnic categories. Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.  (See page 32 for more information.)

*Black, Non-Hispanic Only* - A person having origins in any of the black racial groups of Africa, not reporting any other race or ethnicity.

*American Indian or Alaskan Native, Non-Hispanic Only* - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment, not reporting any other race or ethnicity.

*Asian, Non-Hispanic Only* - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam, not reporting any other race or ethnicity.

*Hispanic* - A person of Cuban, Mexican, Puerto Rican, Central or South American, or other Spanish culture or origin, regardless of race.

*White, Non-Hispanic Only* - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa, not reporting any other race or ethnicity.

*Race/Ethnicity Unknown* - This category is used ONLY if the student did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the student in one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process.

*Two or More Races* – Includes all non-Hispanic/non-Latino students who report more than one race.

*Native Hawaiian or Other Pacific Islander, Non-Hispanic Only* – A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands, not reporting any other race or ethnicity.

# KENTUCKY COUNCIL ON POSTSECONDARY EDUCATION

## Kentucky Postsecondary Education Reform
## Five Questions We All Must Answer

1. Are more Kentuckians ready for postsecondary education?

2. Is Kentucky postsecondary education affordable for its citizens?

3. Do more Kentuckians have certificates and degrees?

4. Are college graduates prepared for life and work in Kentucky?

5. Are Kentucky's people, communities, and economy benefiting?
