

**Council on Postsecondary Education
Committee on Equal Opportunities
October 15, 2007**

**Maysville Community and Technical College
Quantitative Waiver for Calendar Year 2007**

The CEO asked that institutions adopting quantitative waivers for submission of new degree programs provide a status report at the next meeting regarding implementation of the recommendations in the waiver resolution. Maysville representatives were scheduled to report to the committee at its June meeting, but were unable to attend and agreed to give the status report at the October 15 meeting. Maysville and KCTCS officials will be present to report on the waiver implementation.

The statutes establish the Council's responsibility to approve the offering of new degree programs (KRS 164.020(14)) and also limit an institution's eligibility for new degree programs (KRS 164.020(19)) by the requirement that an institution meets its equal opportunity objectives.

The Council also has authority to grant a temporary waiver of the requirements of KRS 164.020(19). Administrative Regulation 13 KAR 2:060 establishes criteria for determining an institution's compliance with equal opportunity objectives and for the granting of a temporary waiver to a state-supported postsecondary education institution that has not met its objectives.

The Kentucky Community and Technical College Board of Regents adopted a resolution approving a quantitative waiver for Maysville Community and Technical College; it is included as an attachment to this agenda item.
