MEMORANDUM

TO: Comprehensive Data Base Guidelines Users
FROM: Travis Muncie, Director, Data and Advanced Analytics
DATE: July 1st, 2019
SUBJECT: Summary of Changes to 2019-20 Reporting Guidelines

There are several minor changes and clarifications to the 2018-19 Comprehensive Database Guidelines. Regarding Type 1, the definition for First-Time Transfer Student has been updated to clarify frequently asked questions. For Type 2, the collection now includes a Co-Requisite field which we will help better assess the students receiving additional support, rather than trying to parse out at the class level. For Type 3, the faculty fields are now required, after a year of vetting in 'recommended' status. For Type E, the collection now includes a SAT2 field.

For Type 1, two fields have been added: Teacher Prep and Outcome Measures (OM). The teacher prep flag will provide a more accurate student count for all KY teacher preparation pathways, inclusive of students without an education CIP as Major 1 or Major 2. The Outcome Measures field aligns with the improvement of IPEDS graduation rates to include all undergraduate students, rather than only first-time student cohorts known as GRS.

A preliminary enrollment table has been added to the 2019-20 guidelines, which provides a timely census day count for state level assessments of student enrollment trends.

Please note the CPE Minger reporting system has been discontinued. Please submit the annual Clery/Minger crime statistics via email with an attached PDF document.

We look forward to working with you in academic year 2019-20.

If you have questions or concerns, please feel free to contact Travis.Muncie@ky.gov or Bethanie Butler at Bethanie.Butler@ky.gov.

KENTUCKY COUNCIL ON POSTSECONDARY EDUCATION (CPE)

Data Access and Security Policy

I. POLICY STATEMENT

The Kentucky Council on Postsecondary Education (CPE) collects and maintains data containing confidential personal information, including student education records, in accordance with federal and state laws and regulations. Data is utilized for federal and state reporting, funding calculations, and research. CPE does not permit access to, or the disclosure of, confidential personal information, student education records, or personally identifiable information contained therein except for purposes authorized under the Family Educational Rights and Privacy Act (FERPA) or other applicable law.

CPE also may maintain or gain access to other confidential data to which this policy will apply along with any contractual or legal requirements mandated as a result of having such access.

II. PURPOSE

This policy establishes the procedures and protocols for collecting, maintaining, protecting, disclosing, and disposing of confidential data records, including data collections containing personally identifiable information about students and personnel. It is intended to be consistent with the disclosure provisions of the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g and KRS 164.283.

III. SCOPE OF POLICY

These policies and procedures apply to all employees and contractors of CPE and are applicable to other entities requesting access to confidential, sensitive, or restricted information.

Related policies, laws, operating procedures, and other documents that contain directives applying to agency, confidential, sensitive, and restricted enterprise information include:

- Family Educational Rights and Privacy Act (FERPA) 34 CFR, Part 99 located at <http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>.
- KRS 164.283.
- Memorandum of Understanding(s) between CPE and outside agencies or entities.

IV. DEFINITIONS

- A. Authorized Representative refers to any entity or individual designated by a state or local educational authority to conduct any audit or evaluation, or any compliance or enforcement activity, in connection with federal legal requirements that relate to these programs (FERPA 34 C.F.R. § 99.3).
- B. Confidentiality refers to how personally identifiable information collected is protected and when an individual's consent is required to disclose.
- C. Data Collection includes any collection of educational records, which may include data collected in an enterprise-level system (e.g., Student Information System) or through alternate collection means.
- D. De-identification is a process that renders data safe to utilize and share by removing or obscuring all identifying fields such as name or identification numbers, thus making it very difficult to identify an individual based on a combination of variables. CPE will employ a set of data de-identification rules.
- E. Disclosure or Disclose means to permit access to or the release, transfer, or other communication of personally identifiable information contained in education records by any means, including oral, written, or electronic means (internally or externally).
- F. Education Record describes any information or data recorded in any medium—including but not limited to handwriting, print, or system—which contains information directly related to a student, school, or district (including personnel records) and which are maintained by an educational agency or institution or a person acting for such agency or institution. See 20 U.S.C. 1232g(a)(4)(A); 34 C.F.R. 99.3.
- G. Family Educational Rights and Privacy Act of 1974 (FERPA) is a federal law designed to protect the privacy of student education records and to allow students, their parents, and/or legal guardians access to the student's educational record.
- H. Kentucky Adult Education Reporting System (KAERS) is the authoritative reporting system and database at CPE for student-level information collected from adult education providers located in each county of the state and approved by Kentucky Adult Education (KYAE).
- I. Kentucky Longitudinal Data System is a shared data system created pursuant to KRS 151B.132 and managed by the Kentucky Center for Education and Workforce Statistics (KCEWS) with data provided by the Kentucky Department of Education (KDE), the Council on Postsecondary Education (CPE), the Education Professional Standards Board (EPSB), the Kentucky Higher Education Assistance Authority (KHEAA), and the Kentucky Education and Workforce Development Cabinet. This system links data from early childhood, K-12, postsecondary, the workforce and other sources to allow

stakeholders to develop a broader understanding of the implications programs and policies have on our state.

- J. Kentucky Postsecondary Education Data System (KPEDS) is the authoritative reporting system and database at CPE for student-level information collected from Kentucky colleges and universities.
- K. Linkage consists of the ability to combine educational records through use of common identifiers for the purpose of research or re-identification.
- L. Memorandum of Understanding (MOU) refers to the data disclosure and confidentiality agreement between CPE and the entity requesting data.
- M. Personally Identifiable Information (PII) includes the name and address of the student and the student's family; a personal identifier, such as the student's Social Security Number, student number, or biometric record; other indirect information, such as the student's date and place of birth and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of relevant circumstances, to identify a student with reasonable certainty; and information based on a targeted request.
- N. Privacy defines the right of individuals to have their personal information adequately protected to avoid the potential for harm, embarrassment, inconvenience, and/or unfairness.
- O. Re-disclosure describes the sharing or use of data collection beyond the original, approved, intent.
- P. Security means technical procedures that are implemented to ensure that records are not lost, stolen, vandalized, illegally accessed, or improperly disclosed.
- Q. Student Identification (SID) Number is a unique number assigned by the Student Information System to track student and education records. It does not contain any series of numbers matching a Social Security number.
- R. Student refers any person who is or has attended a public or accredited non-public school and for whom an educational agency or institution maintains education records. See 34 C.F.R. 99.3.
- S. Suppression denotes withholding information from publication. Some information is withheld from publication to protect small counts that could lead to a disclosure. Other information is withheld from publication in a table to prevent the calculation of the data based on small counts from the published information; this is known as complementary suppression.

T. Vendor-Partner includes any CPE contract holders with access to education records.

V. INFORMATION COLLECTED AND MAINTAINED

CPE collects, through enterprise data systems and other collection methods, records from postsecondary institutions and other education entities, including but not limited to:

- A. Personally Identifiable Information that identify each student. These data may include name, identification number, address, race/ethnicity, gender, date of birth, place of birth, social security number, and eligibility status for federal and state student aid programs (i.e., Pell Grant, KEES, etc.);
- B. Participatory data including attendance, student progress, degree completion, school attended, academic work completed, grade point average, entrance assessments, and date of graduation.
- C. Employment data from postsecondary institutions.
- D. Financial data from postsecondary institutions in the way of budgets and expenditures (annual submission).

Records may be maintained in one or more data systems. All systems and collections shall be subject to this policy. A detailed description of the data collected can be found in [CPE's Data Reporting Guidelines](#) and the [KAERS Data Manual for Kentucky](#).

VI. MEASURES TO MAINTAIN SECURITY OF CONFIDENTIAL DATA

CPE shall utilize various procedures and measures to ensure the security of confidential records. These procedures include assignment of a unique identifier to each student or employee, a system of restricted access to data, and statistical cut-off procedures.

- A. A unique Student Identification number (SID) is assigned to each Kentucky student. The student ID is computer-generated and contains no embedded meaning. The student locator tool in both the KPEDS and KAERS systems assigns a unique SID.
- B. Security protocols limit who has access to the data and for what purposes.
- C. Statistical cut-off procedures (suppression rules) are utilized to prevent student identification in aggregate-level reports.
- D. All CPE employees, contractors, and vendor-partners must abide by FERPA requirements and this Data Access and Security Policy.

- E. CPE shall maintain a current listing of agency personnel who have access to personally identifiable student information through authentication and internal links.
- F. Confidential or identifiable student-level data shall be communicated or transferred electronically to external entities through a secure site. Student-level data should be password protected prior to any exchange through e-mail or alternative transfer method. The password should not be included in the e-mail with the student-level data; it must be provided through a separate communication.
- G. De-identification rules as established within this policy must be followed to ensure confidentiality of data shared for research purposes.
- H. All CPE employees and contractors must receive and acknowledge CPE's adopted Internet and Electronic Mail Acceptable Use Policy (CIO-060).
- I. Other safeguards -- All agency employees, agents of CPE, researchers, and other entities with direct access to confidential student information are responsible for protecting the data via the following procedures:
 - Prevent disclosure of data by protecting visibility of reports and computer monitors when displaying and working with confidential information.
 - Workstations must be locked or shut down when left unattended for any amount of time.
 - Data must be stored in a secure location. Electronic files should be password protected and/or stored in a location only accessible by the authorized entity. Confidential information will not be faxed.
 - When no longer needed, paper reports must be shredded and electronic files must be destroyed.
 - Reports, CDs, and/or any other media containing confidential information must be stamped or otherwise marked as confidential prior to being released outside the agency. The envelope containing the information also must indicate that the contents are confidential.

VII. SECURITY INCIDENT NOTIFICATION

Users suspecting an unauthorized disclosure of personally identifiable or confidential information shall immediately notify CPE Technical Support at cpetech.support@ky.gov and cooperate with CPE Technical Support staff as part of any necessary investigation. CPE shall comply with the security breach and investigation procedures outlined in KRS 61.931 to 61.934 and [CIO-090](#).

VIII. DE-IDENTIFICATION OF DATA

De-identification involves the removal of personally identifying information in order to protect personal privacy. With the exception of disclosure of education records for audits and evaluations and studies as defined by FERPA, data is provided in a de-identified or

aggregate form. Social Security numbers, names, date of birth, or other identifiable data are excluded. The State Student Identification (SSID) Number can be provided to allow for matching of data records or re-identification but must be excluded from any publically produced reports.

XI. SUPPRESSION RULES

According to FERPA, confidential personally identifiable information includes “information that, alone or in combination, is linked to a specific student that would allow a reasonable person in the school community who does not have personal knowledge of the relevant circumstances to identify the student with reasonable certainty.” Consequently, it is CPE’s policy that public reports containing aggregate student data must suppress results for small groups of students when associated with characteristics that would make it possible to identify a student. This policy applies to public reports whenever an identified group contains fewer than 10 students. Suppression of data in the form of percentages shall occur when the percentages are 0 or 100 for any student demographic categories. Exceptions may be made on a case-by-case basis when reporting of groups fewer than 10 will not result in the disclosure of personally identifiable information.

When an identified group is smaller than these thresholds, the report must display a placeholder (for example, -, *, NA) with a disclaimer explaining what the placeholder means. Internal and external report authors also should be aware of small group suppression rules. Report authors are responsible for ensuring that CPE’s suppression policy is applied appropriately to any reports created.

X. DATA ACCESS

This section describes the conditions under which CPE will release confidential information. Confidentiality refers to a person's obligation not to disclose or transmit information to unauthorized parties. The requesting entity or individual must sign and have an approved CPE Memorandum of Understanding (MOU) as appropriate before any data will be released. Authorization must be evaluated annually to ensure access to the data is still required. Use of data is only for purposes as defined in the signed MOU.

The entities to which information may be released and the conditions of the release are listed for each entity below:

- 1) **CPE Staff** –All CPE staff must sign Non-Disclosure agreements at the time of employment. CPE staff members who have a need to access confidential information are permitted access through system access protocols established and maintained by CPE system administrators. Supervisors must indicate that the staff person needs access to this information in the performance of his or her assigned duties and responsibilities. Supervisors will ensure that the appropriate safeguards are instituted to protect the confidentiality of student information and that the staff person has received appropriate training. CPE staff may not access agency information for personal purposes (for example, research for a dissertation).

Employees must maintain the confidentiality of all education records. Data will be destroyed in accordance with the state's record retention policy.

- 2) **KYAE Provider Staff** – Staff members of approved adult education providers may request access to data in KAERS by signing and agreeing to the [KAERS Employee Confidentiality/Security Contract](#). Staff members who have a need to access confidential information are permitted access through system access protocols established and maintained by CPE system administrators. Supervisors must indicate that the staff person needs access to this information in the performance of his or her assigned duties and responsibilities. Supervisors will ensure that the appropriate safeguards are instituted to protect the confidentiality of student information and that the staff person has received appropriate training. Staff may not access agency information for personal purposes (for example, research for a dissertation). Staff must maintain the confidentiality of all education records. Data will be destroyed in accordance with the state's record retention policy.
- 3) **Public** - CPE may disclose, without student consent, student information in aggregate form that is not easily traceable to a student. Public access is limited to aggregate level reports. Suppression rules set forth in this policy are adhered to for all public reporting. Certain non-confidential Tier 1 and Tier 2 data are available to anyone through the CPE Data Portal website at <http://cpe.ky.gov/info/>.
- 4) **Parents and Students** shall be directed to the respective institution in order to obtain related records.
- 5) **Research** - CPE may disclose confidential, personally identifiable information of students to individuals and/or organizations for research and analysis purposes to improve instruction; develop, validate, or administer predictive tests; or improve instruction. Such disclosures also may be made to authorized representatives conducting audits or evaluations of education programs. Disclosures are authorized under the FERPA Studies or Audit/Evaluation Exceptions. Any such disclosure shall be made only if (1) the conditions in FERPA regulation 34 CFR 99.31(a)(6) or 99.35 are met; (2) the request for data sharing is approved by CPE with a signed Memorandum of Understanding (MOU) to ensure compliance with FERPA regulations and CPE policies; (3) requester agrees to return or destroy education records upon completion of research use; (4) researcher understands associated penalties for violation of data privacy, use, or re-disclosure.
- 6) **Kentucky Longitudinal Data System** - personally identifiable data is provided to the Kentucky Longitudinal Data System per agreement between agencies and in accordance with KRS 151B.132.

XI. TRAINING NEEDS

All CPE staff shall be made aware of the Data Access and Security Policy and will receive subsequent information through newsletter articles, e-mail messages, and/or training classes.

XII. RESPONSIBILITY FOR DATA REQUESTS

The CPE Director of Data and Information is primarily responsible for processing all data requests. Requests for Tier 1 and Tier 2 data will be filled if the information requested has already been published or collected and can easily be put into a distribution format that protects confidential information.

Request for Tier 3 data will be considered if the request is consistent with the statutory duties, responsibilities and mission of CPE.

XIII. RECORD OF ACCESS

In compliance with FERPA guidelines, CPE shall maintain a record indicating the name of any individual or organization external to CPE that requests and is allowed access to educational records. The record of access shall indicate the interest such person or organization had in obtaining the information, as well as the date the requested data were disclosed. See 20 U.S.C. 1232g (b) (4); 20 U.S.C. 1232g (j) (4).

XIV. DESTRUCTION OF DATA

Any entity receiving personally identifiable information must destroy such information when it is no longer needed for the purpose specified in the request for disclosure. The manner of destruction shall protect the confidentiality of the information and must be done at the conclusion of the intended purpose.

XV. PENALTIES FOR VIOLATION OF DATA USE

Enforcement penalties for violation of data privacy security, unauthorized disclosure, or re-disclosure may include loss or denial of access to confidential information, revocation of network access privileges, and any other penalties as prescribed by federal or state law, including a fine not less than \$25, nor more than \$100, and/or imprisonment for up to 30 days for convictions of deliberate disclosures of confidential student academic records per KRS 164.991.

Data Tiers Defined

Non-Confidential Data:
Data publically available. Counts are reportable down to one according to CPE policy.

Suppressed Data:
Data publically available. Counts less than 10 are suppressed according to CPE Data Access Policy

Unsuppressed Data:
Data only available with an approved data request proposal or MOU/nondisclosure agreement. Counts less than 10 are included. Must be use for the purpose of Audit, Evaluation and Studies.

Council on Postsecondary Education Data Quality Policy

Section 1: Purpose

This policy establishes the principles and practices related to the quality of data collected by Kentucky's public postsecondary education institutions and submitted to the Kentucky Council on Postsecondary Education's (CPE) comprehensive database system.

This policy is to ensure that all public institutions have adequate policies and processes in place to ensure data quality on their own campuses and to implement a process whereby the Council staff or a designated third party will authenticate the accuracy of the data institutions have submitted to the Council.

Section 2: Statutory Authority

KRS 164.020, KRS 164.095, and KRS 164.283

Section 3: Background

The CPE maintains and manages a unit record database, called the comprehensive database (CDB), containing postsecondary education institutional data used by the CPE for state and federal reporting, policy analysis, and decision-making. These data are used to support the improvement of postsecondary education within the Commonwealth by providing the basis for measures of effectiveness and efficiency. These data are also used in funding calculations for the public institutions. The data collected are part of a comprehensive accountability system that the CPE is required to develop and maintain by KRS 164.020 and KRS 164.095.

Institutions of postsecondary education have the primary responsibility for the accuracy and completeness of the data in their information systems and databases. As institutions are held to high standards by students, faculty, and other constituencies, it is expected that they devote significant attention and resources to the effectiveness of these systems and the quality of their data. Council staff members are available to facilitate the sharing of information and best practices among the institutions to assist them as they strive to improve the quality of data they collect and utilize.

A significant amount of data is collected by the institutions and submitted to the Council. There are hundreds of data elements each with their own unique definitions. There is a need to ensure that all institutions uniformly understand the definitions and parameters for the data being collected. As information is often presented side-by-side for each institution, ultimately it is used for comparison purposes by many different audiences. There is a need to ensure that this

information is comparable from institution to institution. This process will provide support to the institutions to ensure the data that they submit are based on the same interpretations.

Section 4: Definitions

1. "Accurate" means that the data in electronic systems should match data received from an original source, such as a student's application or transcript from another institution.
2. "*Comprehensive Database Reporting Guidelines*" is the document produced annually by Council staff that lists all database definitions, formats, and collection schedules used by the Council.
3. "Critical Data Elements" include elements of particular importance due to their policy significance. These Critical Data Elements and the best methods and sources for evaluating their accuracy are discussed annually at the Comprehensive Database Committee meeting. The list will be included in the *Comprehensive Database Reporting Guidelines* beginning in 2008.

Section 5: Policy

A. General

1. This policy shall apply to all data submitted to the CPE from the public institutions, whether in electronic, paper, or other formats.
2. The CPE is authorized by KRS 164.020(6) and (26) and KRS 164.095 to perform research on postsecondary education, to maintain an accountability system, and to evaluate the performance of institutions in regard to the goals of the *Kentucky Postsecondary Education Improvement Act of 1997* and the Public Agenda. As such, there is an expectation that the data submitted to the Council shall be accurate.
3. The CPE *Comprehensive Database Reporting Guidelines* includes the official definitions for data that are submitted by the institutions to the Council.
4. Five years after implementation, the Council will reevaluate this policy.

B. Institutional Policies and Processes

1. Public institutions must certify that they have practices in place to ensure the quality of their data and that they follow CPE guidelines. The CPE encourages institutions to develop official data quality policies addressing data submitted to the comprehensive database. Each institution should submit a copy of their data quality policy, if they have one, and a report describing their data quality practices to the Council by May 1, 2008. When institutions make changes to these policies or practices, updated copies should be submitted to the Council. KCTCS will submit these for their colleges. The reports should include the following types of provisions:

A description of the processes that are in place to ensure accurate collection and entry of data by the institution.

. A description of the institution's process for checking data quality where staff or designated third parties compare data in the institutional databases to the original records (either paper or electronic) received from its students or other sources to ensure it was entered into its electronic systems accurately. These processes should include checking each of the critical data elements identified in the *Comprehensive Database Reporting Guidelines* from a random sample of at least 100 records for data that had been submitted to the Council within the previous year.

. A schedule for how frequently data quality checks will be made by the institution or designated third parties.

. A description of how the results of the data quality checks will be utilized by the institution to improve data quality.

. 2. Each institution will submit a data quality report to the Council staff by May 1st of each odd numbered year. This report should contain the following information:

. A list of the data fields checked, the process employed, and the findings.

. A description of any institutional policies and processes that will be changed to improve data quality for any items where inconsistencies were discovered.

. KCTCS shall submit reports for each of their colleges.

C. On-Site Data Quality Checks

1. Council staff or a designated third party may conduct an on-site data quality check at each of the public institutions and KCTCS colleges at least once every five years. The purpose of the on-site visits will be to develop a better understanding of the quality of data that are submitted to the Council and to discuss data collection strategies to improve the consistency of data submitted from the institutions. It will also serve to provide support for campus staff so they may better understand how to classify and categorize data that are submitted to the Council.
2. Data submitted to the Council's comprehensive database within the previous academic year is subject to review and verification against the original records at the institution.
3. On-site data quality checks will be limited to reviewing critical data elements from 100 records. The list of records to be reviewed will be identified by the Council staff.
4. The first on-site data quality checks will occur in 2009.
5. At the end of the on-site visit, the team will meet with the institution's president and other pertinent staff for an exit interview. Following the on-site visit, Council staff will develop a written report of their findings and submit a copy to the president of the appropriate institution. These reports will also be presented to the Council.
6. If inaccurate data are found during the on-site data quality check, the Council reserves the right to revisit that institution for one or more follow-up on-site data quality checks.

**ENROLLMENT
SUMMER/FALL/SPRING**

KENTUCKY INDEPENDENT INSTITUTIONS

General Instructions

The fall/spring enrollment files and the summer (the academic period between the close of the spring semester and the beginning of the fall semester) files should include enrollment in all courses (day, evening, off-campus, and distance education) for which semester hour credit is granted, or regular academic courses carrying zero hours credit except for zero credit hour laboratories associated with lectures if laboratory and lecture are assigned identical course IDs. For each summer term, fall term, and spring term, type one (student) records should be included for each of these courses. For all full-term courses, the data are to be the net enrollment as of the last date of the reporting period which students may add a course for credit (census date). This date must agree with the official institutional calendar. All enrollment transactions initiated on or before the census date should be processed and reflected on the submission. Exclude students who have withdrawn on or before the census date, have not paid, or have not made arrangements with the business office for payment of tuition and fees.

Include short-term courses beginning after the effective cut-off date. For each short-term course, an individual cut-off date should be established. These dates, based on length of course, should be prorated consistent with the institution's policy for full-term courses. Report winter term enrollments with the spring enrollment.

Do not include enrollment in zero credit hour laboratories associated with lectures if laboratory and lecture are assigned identical course IDs, noncredit courses, noncredit workshops, continuing education unit courses, or other courses for which regular semester hour credit is not granted. Do not include enrollment in classes which did not materialize, were canceled, or otherwise not in fact offered. Do not report enrollments from previous semesters, with the exception of special winter terms reported with the spring collection as mentioned above.

Report a unique section number for each course within a term. This could be a totally different section number or could be a character or number added to the section number (for example, ACC 601 01 and ACC 601 01A).

The type one enrollment record will be considered the master enrollment record for students. If a student does not appear on at least one type one record during the relevant academic year, records for that student will not be accepted on the Entrance Exam, Transfer, or Financial Aid files.

The enrollment files must be finalized (all errors resolved) by each close date or the institutions enrollment files will not be used for reporting purposes.

Type One (Student) Record:

1. **Birth Date** – Report the student’s full date of birth (MMDDYYYY).
2. **County of Origin** - If the student’s state of origin is Kentucky, report the county of origin using the FIPS codes from Table 5-A. If the student’s state of origin is something other than Kentucky, report the county of origin (if available) using the FIPS codes found at http://www.schooldata.com/pdfs/us_FIPS_codes.xls. If reporting the county for states other than Kentucky is not possible, report 000. CPE staff will approximate the county based on the zip code (see item #20). Also report 000 for the county for students from another country. The definition of origin is legal residence at time of first admission to the institution.
3. **Declared Major or Program Prefix** – For all students, report the appropriate declared major or program prefix code from Table 15.
4. **Declared Major** - The declared major must be consistent with the institution's degree program inventory. Use only those codes listed in that inventory (See Tables 16-B and 17). Report the student declared major for all students except those who are not permitted by institutional policy to declare a major. Students who are not permitted, by official institutional policy, to declare a major shall be coded as baccalaureate degree students with an undeclared major prefix (Code U). Students who have declared intent to major in a program with selective admissions or limited enrollment are to be reported with their declared major.
 - a. Undergraduate nondegree, graduate nondegree, and high school students enrolled in postsecondary level courses should be assigned the 90.0000 nondegree code.
 - b. An undergraduate major prefix code should be reported for the not designated, undecided, undeclared student. If a specific degree level is not known, report 'U' for major prefix code.
 - c. For students declaring a double major, report the first major in columns 110-118 and the second major in columns 119-127.
5. **Dual Credit** – In column 203, indicate (Y/N) whether the student is enrolled in a course for which she will receive both high school and college credit.
6. **Dual Credit Hours** – In column 204-207, report the number of dual credit course hours in which the student is enrolled.
7. **First-Time Student** - A student is to be identified as a first-time student if she has graduated from high school and who has no prior postsecondary experience attending any institution for the first-time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer

term, and students who entered with advanced standing (college credits or postsecondary formal award earned before graduation from high school).”

- a) DO NOT report current high school students who are, for the first time enrolled for postsecondary credit.
- b) Report first-time students for each degree level: undergraduate (first-time freshman, sophomore, junior, and undergraduate nondegree) and graduate (master's, specialist's, doctoral, and graduate nondegree). Students in Ed.D. leadership programs who have done previous graduate-level work toward master’s degrees, rank 1 and 2 certification, etc., including nondegree coursework, should not be reported as first-time graduate students.
- c) Report ‘S’ in the first-time student field in the fall semester for students who were first-time in the summer

8. First-Time Transfer Student - For KCTCS students, a student is to be counted as a transfer from the ‘home’ institution attended prior to acceptance by the receiving four-year institution. [The ‘home’ institution is the first KCTCS institution that the student attended, determined by the student’s transcript. Count each hour transferred from each KCTCS institution.](#) For students who transfer from institutions other than KCTCS, a student is to be counted as a transfer from the last institution attended prior to acceptance by the receiving institution. A first-time graduate student is not to be reported as a transfer from his undergraduate institution. Include the first-time transfer student whose transfer credits are being held pending validation of coursework. The student should be listed as she will be classified upon the validation of her coursework. Report first-time transfers for each degree level (undergraduate, graduate). The student may transfer with or without credit. A student should be reported as first-time transfer only once. If the student was a first-time transfer in the summer, do not report them as a first-time transfer again in the fall.

- a) Report ‘S’ in the first-time transfer field in the fall semester for students who were first-time in the summer

9. GRS Cohort – In column 81, for the fall enrollment report only, indicate Y if the student is full-time and eligible to be included in the Integrated Postsecondary Education Data System (IPEDS) Graduation Rate Survey (GRS) Cohort, P if the student meets the criteria and is enrolled part-time, or N if the student is not eligible. The following criteria determine whether an undergraduate student is included in the cohort:

Full-time First-time: Include students who attended college for the first time (either part-time or full-time) in the prior summer term whether at the same college, another college in Kentucky, in another state, or another country. Summer semester will be counted whether the student enrolled as degree-seeking or not. Also include students who have entered with advanced standing (college credits earned before graduation from high school). Degree/certificate seeking: Students must be enrolled in courses creditable toward a degree, diploma, certificate, or other formal award. Include students in occupational and vocational programs.

Students at four-year institutions whose intent is not known are to be reported in the bachelor's cohort.

10. **High School GPA** – Report the weighted high school grade point average converted to a four-point scale for all first-time undergraduate degree-seeking students. It should be right justified and show two decimal places (decimal is implied).
11. **ID Type** – Report ‘1’ if the student ID is a valid Social Security Number or ‘2’ if it is some other ID number (institutional ID, SEVIS, other).
12. **Institutional ID** – Report in columns 138-147 the student’s institutional ID number. This field is mandatory.
13. **KDE ID** – Report the ten-digit ID number supplied by the Kentucky Department of Education and found on the student’s high school transcript in columns 148-157 for all first-time students who graduated from a public high school in 2008 and later and for high school students (students enrolled in dual credit courses or dually enrolled).
14. **Military Relationship**
 - a. **Military active student** – Code A - student currently serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, or is on Active Duty in any branch of the U.S. military.
 - b. **Military veteran student** – Code V - student formerly served in the U.S. National Guard, in the Reserve unit of any branch of the U.S. military, or on Active Duty in any branch of the U.S. military and was released under conditions other than dishonorable.
 - c. **Military connected student** – Code R - student’s spouse, parent or guardian serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, is on Active Duty in any branch of the U.S. military or student is otherwise eligible for any military education benefits via the spouse, parent or guardian.

Report a Code A for a military active student, Code V for military veteran student, or report a Code R for a military connected student. Otherwise the field should be left blank.
15. **Multi-Institution Program** – If the student is enrolled in a joint, collaborative, or other multi-institution program, report ‘X’ in column 128 for the first major or in column 129 for the second major.
16. **Off-Campus Site Code** – report the appropriate off-campus site from Table 29. For each new site not contained in Table 29, assign the next available numeric code and

submit all required descriptive fields to CPE. If students are taking courses at more than one site report the quarter program if applicable. Otherwise, report the main site.

17. Outcome Measures - Per IPEDS is a full-year cohort (July 1 to June 30) Outcome Measures - Per IPEDS is a full-year cohort (July 1 to June 30)

https://surveys.nces.ed.gov/ipeds/VisInstructions.aspx?survey=13&id=30101&show=all#chunk_1740, which includes all new undergraduate credential seeking students:

- First-time, full-time entering with cohort year FTFTXXXX For example FTFT1920 for SU19,FA19,SP20).
Note for summer term, May/June starts please code as FTFT1819 and after July 1 you would code FTFT1920
- First-time, part-time entering FTPTXXXX For example, FTPT1920 for SU19,FA19,SP20).
- Non-first-time, full-time entering NFTFTXXXX For example NFTFT1920 for SU19,FA19,SP20)
- Non-first-time, part-time entering NFTPTXXXX For example NFTPT1920 for SU19,FA19,SP20)

18. Program ID - The program id number for the declared major or program must be consistent with the institution's degree program inventory. Use only those program id's listed in the program inventory. Report the program ID for the declared major or program for all students except those who are not permitted, by official institutional policy, to declare a major. Students who are not permitted, by official institutional policy, to declare a major shall be coded as baccalaureate degree students with an undeclared major prefix (code U) and program ID fields will be left blank. Students who have declared intent to major in a program with selective admissions or limited enrollment are to be reported with the program ID of their declared major or program.

19. Race – In column 69, report the race code from Table 2 using the descriptions in Table 2.

In columns 158-165, report Y or N using the descriptions below. Records may contain a Y in more than one category, EXCEPT for nonresident aliens. If a student is a nonresident alien, no other race or ethnic information is to be reported on this file.

- Hispanic or Latino** - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
- American Indian or Alaska Native** - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.
- Asian** - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- Black or African American** - A person having origins in any of the black racial groups of Africa.
- Native Hawaiian or Other Pacific Islander** - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- White** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

- g. **Nonresident alien** - A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the field provided, rather than included in any of the six racial/ethnic categories. Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.
 - h. **Race and ethnicity unknown** - This category is used only if the person did not select EITHER a racial or ethnic designation.
20. **Semester** – Report the semester and year for the file being submitted. 1=summer, 2=fall, 3=spring. Example – 20192 = Fall 2019.

21. Student Classification

- a. An undergraduate student is to be classified based on total semester credit hours earned, except in the following cases:
 - 1. A transient student should be classified as "undergraduate nondegree."
 - 2. Special students are listed in the definitions: "audit student," "post-baccalaureate undergraduate degree seeking," "undergraduate nondegree," or "high school."
- b. A graduate transient student should be classified as "graduate nondegree."
- c. A post-master's student, not officially admitted to a certificate, master's, specialist's, or doctoral program, should be classified as "graduate nondegree."
- d. A regular degree-seeking student who, for a semester, enrolls as an audit student only may be reported with his regular classification and declared major. This applies only to degree-seeking students.

22. **Teacher Preparation** - A teacher preparation program is designed to prepare an undergraduate or graduate student to become a licensed teacher. Programs can offer students specialized coursework in the grade level and the subjects they are interested in teaching. All teacher preparation programs must be certified through EPSB.
<http://www.epsb.ky.gov/course/view.php?id=3>

- 23. Total Credit Hours** - Total hours taken for credit, excluding audit hours.
- 24. Transfer Credit** - For each undergraduate first-time transfer student, report in columns 82-84 the total number of semester credit hours recorded on the student's academic permanent record as accepted by your institution as transfer credit from all previously attended Kentucky and out-of-state institutions. If hours cannot be determined at the time of reporting, please report XXX in columns 82-84. At a later date, institutions will report actual transfer hours for all reported XXX's. For students who have previously earned a degree and are pursuing a second degree at the same level (undergraduate), report **TBD** (transfer baccalaureate degree) or **TAD** (transfer associate degree) in columns 82-84. If decimals, round to the nearest whole number (less than .50 round down). If no credit hours are accepted for a first-time transfer student, report **000** in columns 82-84. Columns 82-84 should be blank for first-time and continuing students.
- 25. Transfer FICE/IPEDS Code of Sending Institution** - For KCTCS students, the FICE code should reflect the 'home' institution attended. For students who transfer from institutions other than KCTCS, report the FICE code of the sending institution for each first-time transfer student from a Kentucky institution. The FICE code should reflect the most recent institution attended. Credit transferred in from multiple institutions is to be reported by FICE on the annual transfer file. For each first-time transfer student from an out-of-state institution, report the code of the state (FIPS code), territory, or foreign country of the sending institution. Institution and state codes are listed in Table 9.
- 26. Year of High School Graduation, First-Time Degree-Seeking** - Report the year the student graduated from high school or received the GED certificate in columns 102-105.
- 27. Location of High School Graduation, First-Time Degree Seeking** - Report students graduated from a Kentucky high school by specific high school code. If the high school does not appear in the ACT list (<http://www.actstudent.org/regist/lookuphs/>), report by county as shown in Table 13. For a student with a GED certification, use the code B121. For a student graduating from an out-of-state high school, use the code B200. For a student with no high school diploma or GED certificate, use the code B122. For a student who is home schooled, use the code B123. For a student who has been home schooled, but who also received the GED, report the home schooled code B123. **Also report the high school code for high school students who are dually enrolled or are enrolled in dual credit courses and for students in the Gatton/Craft Academy (student classifications 19 and 20).**
- 28. Zip Code – Permanent** - Report the zip code of the student's permanent, parental, or other address which best captures the zip code of origin when the student entered your institution. If this zip code changes after the student enters, continue to report the permanent zip code at entry, not the new code. Report for all students in columns 130-134, except international students which should be reported with blanks.

29. **Zip Code – Current** - Report the zip code of the local, mailing, or other address which best identifies the student's place of residence during the current semester, such as an on-campus zip code if living in campus housing. Report for all students in columns 171-175.

Definitions

1. **Audit Student** - Student who is not enrolled in a certificate, diploma, or degree program but is enrolled only in one or more "audit course." (See instruction 14.d for reporting degree-seeking students auditing courses.)
2. **Campus** – All property owned, leased, managed, or controlled by an institution of postsecondary education or one of its affiliated corporations, including but not limited to academic buildings; student housing and recreational facilities; residential facilities operated by any officially recognized student organization; and all sections of public property such as streets, sidewalks, and parking facilities immediately contiguous to campus buildings.
3. **County, State, Territory, or Foreign Country of Origin** - County, state, territory, or country of legal residence at time of first admission to the institution.
4. **Declared Major** - The major program and certificate, diploma, or degree level objective, according to the student's stated intent.
 - a. *First Major* - The student declared major field of greater specialization and/or primary interest.
 - b. *Second Major* - For a student declaring two majors, the field of secondary interest.
 - c. *Undecided, Undeclared Major (00.0000)* - The major field for a certificate, diploma, or degree-seeking student who has not declared a major, or who, because of official institutional policy, is not permitted to declare a major.
5. **Declared Major or Program Prefix Code** – The alpha code indicating the level of a student's declared degree or program as listed in Table 15.
6. **Doctor's Degree–Other** - A doctor's degree that does not meet the definition of a doctor's degree-research/scholarship or a doctor's degree-professional practice.
7. **Doctor's Degree – Professional Practice** – A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as "first-professional" and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.);

Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O.); Pharmacy (Pharm. D.); Podiatry (D.P.M., Pod.D., D.P.); or Veterinary Medicine (D.V.M.), and others as designated by the awarding institution.

8. **Doctor's Degree – Research/Scholarship** – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A., D.Sc., D.A., or D.M., and others, as designated by the awarding institution.
9. **Doctor's Degree – Research/Scholarship Dissertation Student** - Doctoral student who has completed all required coursework and is working on his research project or dissertation.
10. **Dual Credit Course** – Dual credit is defined as a college-level course of study offered to high school students. This definition is consistent with KRS 164.002(4). Dual credit is enrollment in high school and college coursework with credit awarded by the college or university and the high school. A high school student may earn both high school and college credit (dual credit) for the same course upon completion of course requirements. A secondary student must apply to the public postsecondary institution and be accepted to participate in dual credit programs. The public postsecondary institution is responsible for the academic integrity of the courses for which postsecondary credit will be awarded.
11. **Ethnicity** – As noted in the Integrated Postsecondary Education Data System (IPEDS) Enrollment Survey instructions, a nonresident alien is a person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. As noted in the Council on Postsecondary Education Administrative Regulation 13 KAR 2:045 for determination of residency status for admission and tuition assessment purposes the following nonimmigrant visa designations are not eligible to establish domicile or residency: B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, O, P, Q, S, TD, or TN. Students holding these visas should be reported as nonresident aliens.

Alternatively, resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status are to be reported in the appropriate racial/ethnic categories along with United States citizens. These students hold an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status (such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian). Also, students with visa designations A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, and R are permitted to establish domicile in the United States and should be reported in the appropriate racial/ethnic categories along with United States citizens.

A foreign student who lives outside the United States and who is taking only online courses should be reported as a nonresident alien.

12. **First-Time Student** (Other than first-time transfer) -

- a) *First-Time Undergraduate Student* - An undergraduate student who has not previously attended any postsecondary institution or who attended college level courses as a high school student and is currently enrolled for the first time since high school graduation. Include students who were first-time in the summer semester DO NOT include students who are currently in high school taking collegiate level courses. Includes first-time freshman (01), first-time sophomore (02), first-time junior (03), and undergraduate nondegree (05).
- b) *First-Time Graduate Student* - A graduate student who has, for the first time, been classified as a graduate student. Includes master's (06), specialist's (07), doctor's degree – research/scholarship (08), doctor's degree – professional practice (12), doctor's degree – other (35), and graduate nondegree (16) students.

13. **First-Time Transfer Student** - A certificate, diploma, or degree-seeking student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). The student may transfer with or without credit.

14. **Freshman** - Student who has graduated from high school and earned fewer credits than officially required by the institution for sophomore classification.

15. **Full-Time Equivalent (FTE)** – A single value providing a meaningful combination of full-time and part-time students. Full-time equivalent enrollments are calculated using the following formula.

(Undergraduate student credit hours/15)+(graduate SCH/12)+(law SCH/12)+(headcount of medical, dental, and pharmacy students)+(headcount of doctoral dissertation students)+(headcount of post-doctoral students)+(headcount of house staff)

16. **Full-Time Student** - A student enrolled for the number of hours required by the institution for full-time status. Hours in courses taken for audit are to be included in the calculation of full-time status.

17. **General Education Courses** – The lower and upper division course that can be used to meet the institution's general education requirements as defined for the General Education Transfer Policy,

18. **Graduate Nondegree Student** - Student with at least a baccalaureate degree enrolled in the graduate school but not in a degree program.

19. **High School Student** - Student currently in high school and enrolled in postsecondary level courses; should be reported as 90.0000 -- nondegree student major program code.
20. **International Exchange Student** - A student enrolled in a formal international exchange program between a Kentucky institution and a participating institution in another country.
21. **Junior** - Student who has earned the credits officially required by the institution for classification as a junior.
22. **Main Campus** – The campus which includes the primary business address of the institution and which houses the offices of its senior administrators.
23. **Master's Degree Student** - Student with at least a baccalaureate degree enrolled in a graduate program which results in a master's degree.

24. **Military Relationship**
 - a. **Military active student** – Code A - student currently serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, or is on Active Duty in any branch of the U.S. military.
 - b. **Military veteran student** – Code V - student formerly served in the U.S. National Guard, in the Reserve unit of any branch of the U.S. military, or on Active Duty in any branch of the U.S. military and was released under conditions other than dishonorable.
 - c. **Military connected student** – Code R - student's spouse, parent or guardian serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, is on Active Duty in any branch of the U.S. military or student is otherwise eligible for any military education benefits via the spouse, parent or guardian.

25. **Multi-Institution Program** – A program that involves resource sharing among multiple institutions or organizations. All participating institutions share responsibility for some aspects of the program's delivery and quality. The appropriate faculty and staff of each participating institution will agree on the home school of enrollment for participating students, degree conferral, financial aid, program delivery, the allocation of equipment and facilities, provision of student services, assessment criteria, and the general management of the program. A copy of the program agreement will be submitted to the Council on Postsecondary Education prior to recognition of the arrangement on the

CPE's *Registry of Degree Programs*. This definition applies to joint, and collaborative programs and other multi-institution agreements.

26. **National Exchange Student** - A student attending a Kentucky institution or a Kentucky student attending an out-of-state institution as part of the National Student Exchange Program.
27. **Net Credit Hour Enrollment** - Total credit hours for which a student is enrolled as of the census date.
28. **Net Headcount Enrollment** - Total number of students who are enrolled as of the census date.
29. **Off-Campus Site Code** – If students are taking courses at more than one site report the quarter program if applicable. Otherwise report the main site.
30. **Outcome Measures** - Per IPEDS is a full-year cohort (July 1 to June 30) https://surveys.nces.ed.gov/ipeds/VisInstructions.aspx?survey=13&id=30101&show=all#chunk_1740, which includes all new undergraduate credential seeking students:
 - First-time, full-time entering with cohort year FTFTXXXX For example FTFT1920 for SU19,FA19,SP20).
Note for summer term, May/June starts please code as FTFT1819 and after July 1 you would code FTFT1920
 - First-time, part-time entering FTPTXXXX For example, FTPT1920 for SU19,FA19,SP20).
 - Non-first-time, full-time entering NFTFTXXXX For example NFTFT1920 for SU19,FA19,SP20)
 - Non-first-time, part-time entering NFTPTXXXX For example NFTPT1920 for SU19,FA19,SP20)
31. **Post-Baccalaureate Certificate Student** - A student enrolled in a CPE-approved post-baccalaureate certificate program. Report with classification code 31 - Post-Baccalaureate Certificate, degree program prefix code T, and the appropriate post-baccalaureate certificate program CIP code.
32. **Post-Baccalaureate Undergraduate Degree-Seeking Student** - A student with a baccalaureate degree who is working toward another baccalaureate degree or an associate degree. Report with classification code 30 - Post Baccalaureate Degree-Seeking, and with the appropriate degree prefix and program CIP code.
33. **Post-Master's Certificate Student** – A student enrolled in a CPE-approved post-master's certificate program. Report with classification code 32 – Post-Master's Certificate, degree program prefix code V, and the appropriate post-master's certificate program CIP code.
34. **Post-Doctor's Degree Professional Practice Certificate** – A student enrolled in a certificate program that provides advanced training and enhances knowledge in

important areas of clinical or research specialization and specialty practice for individuals who hold a professional degree (e.g., J.D., D.M.D., or M.D.).

35. **Senior** - Student who has earned the credits officially required by the institution for senior classification.
36. **Sophomore** - Student who has earned the credits officially required by the institution for sophomore classification.
37. **Specialist's Degree Student** - Student with at least a master's degree enrolled in a graduate program which results in a specialist's degree.
38. **Teacher Preparation** – Report a Y or N for classes that meet EPSB standards for certification. <http://www.epsb.ky.gov/course/view.php?id=3>
39. **Transfer Credit** – The total semester credit hours recorded on the student's academic permanent record as accepted by the institution as transfer credit from all previously attended Kentucky or out-of-state institutions.
40. **Transient Student** - A student in good standing in any recognized institution who enrolls at another institution for credit to be transferred back to the student's home institution where he is pursuing a credential. This includes distance learning students enrolled at another institution, summer students, etc.
41. **Undergraduate Nondegree Student** - Student who is enrolled for credit in undergraduate courses but does not intend to receive a degree from the institution. Should be reported with 90.0000 – nondegree program. (DO NOT include students who are currently in high school taking collegiate level courses.)
42. **Undergraduate Student** – Student enrolled in a four- or five-year bachelor's degree program, an associate degree program, or in a vocational or technical program below the baccalaureate that is normally terminal and results in formal recognition.

Transfer File

DUE DATE: August 1

**TRANSFER FILE
TYPE T**

General Instructions

The purpose of this file is to capture all transfer credits accepted for enrolled students, not just the credits of first-time transfer students that were accepted in their first semester of enrollment as reported on the Type 1 file. Report all transfer credits accepted for undergraduate students who were enrolled during the academic year and for whom a Type 1 enrollment record was submitted during the summer – spring academic year. Report this information once a year and include data from all three reporting semesters (summer, fall, and spring). Do not include graduate students.

If transfer credits are accepted in a semester in which a student is not enrolled, report these credits in the student's next semester of enrollment. For instance, if an applicant is awarded transfer credit but does not enroll in the expected semester, do not report this credit until the semester in which the student enrolls, regardless of academic year. Or, if a student takes an online course at another university and the transfer credits are awarded during the summer or when the student is stopped-out, do not report these credits until the student's next semester of enrollment, regardless of academic year. This is to prevent transfer credits from being included in the file that are not actually used toward some academic objective by the student. No transfer credits should be reported for students who never enroll in your institution.

Relationship between semester of credit acceptance and semester of enrollment

	Enrolled during semester	Not enrolled during semester
Credit accepted during semester	Report in semester.	Report once in next semester of enrollment, regardless of academic year.
Credit accepted during any previous semester	Report in semester if record was not previously submitted to CPE. Do not report again in future semesters.	Do not report in semester. If student never enrolls, do not report transfer credits accepted.

Only report transfer credits once. If a transfer record has been reported to CPE in a previous year's transfer file, do not include it again, regardless of semester of enrollment. Report previously-accepted credits in the next semester of enrollment regardless of when the credits were accepted, as long as the credits are still valid.

Submit one record for each institution from which credit is accepted for each student. Report the semester the credit is accepted in columns 31-35. Report all transfer credits accepted regardless of whether the student is considered a first-time transfer or not. For example, a first-time transfer student may enter with coursework accepted from three institutions. That student will have three records for that term. A continuing student could take a summer or online class from another institution. When the student brings that transcript to your institution and you accept the credit, she would have one record of those credits reported on this file. If a student transfers in credit from one institution at two or more points in time, include one record for each instance. If a student transfers in credit from two or more institutions in the same state, include one record for each instance. Do not include records for students who were reported as first-time transfer, but without any transfer hours.

Definitions

1. **Academic Year** – Report the academic year for the file that is being submitted. Example – Academic Year 2018-19 should be reported as 201819.
2. **Transfer FICE** – The FICE code of the sending institution for each student from a Kentucky institution. For each transfer from an out-of-state institution, report the code of the state (FIPS code), territory, or foreign country of the sending institution. Institution and state codes are listed in Table 9. If the sending institution is not listed and the coursework was taken online, report the transfer FICE according to the geographic location of the sending institution as listed in Table 9, regardless of the student’s residency at the time.
3. **Term** - Term refers to the academic reporting term when your institution accepts the credit and **not** the term the student took the course. Term is the year plus the semester coded as follows: summer = 20181; fall = 20182; spring = 20193.

Formal Awards Conferred

July 1, 2019 – June 30, 2020

DUE DATE: August 1

DEGREES AND FORMAL AWARDS CONFERRED
JULY 1 - JUNE 30

General Instructions

The degrees and formal awards file should reflect the academic period between July 1, 2019, and June 30, 2020. One record for each degree or award conferred should be included in this submission. If a student is conferred two separate degrees (not a double major) in the same reporting period at the same level (for instance, a BA in chemistry and a BS in computer science) or at two different levels (for instance, an associate degree and a baccalaureate degree), this student would have two separate records in the file. The date for each degree or award conferred should be reported by term – fall, spring, or summer. Do not report any degrees or awards conferred in previous academic years or not yet completed based on institutional academic policy. Reporting of multi-institution (joint, collaborative) degrees should reflect the degree-granting status of the participating institutions.

Degrees and Formal Awards Conferred Record:

1. **Birth Year** - Report the student's full date of birth (MMDDYYYY).
2. **Date Conferred** - Report the date of receipt of degree, certificate, or diploma for graduates whose date of completion of degree, certificate, or diploma requirements and date of receipt of degree, certificate, or diploma differ. If a degree is awarded and backdated to a previous reporting period, report the degree in the next reporting period. Report the year and semester conferred. For example, 20192 would be fall 2019.
3. **Majors** - Majors must be consistent with each institution's program inventory. Use only those codes listed for your institution in the program inventory.
4. **Earned Credit Hours** - For each first-time associate and baccalaureate degree recipient, report in columns 120-122 the total number of credit hours earned at the time of degree or program completion. This total should include the number of hours accepted in transfer. Do not report credit hours for persons earning a second degree at the same level. For these persons, report **TBD** (transfer baccalaureate degree) or **TAD** (transfer associate degree). For each certificate or diploma recipient, report in columns 120-122 the total number of semester credit hours earned for that credential. For subsequent certificate or diploma completions within the same program area, report only the additional hours earned for the additional certificate or diploma.
5. **Honorary Degree** - Do not include honorary degrees in this report.
6. **Majors of Students Prepared to Teach** - Students receiving baccalaureate degrees that have prepared them to teach an academic subject such as English, biology, or French should be reported respectively in English (23.0101), biology (26.0101), and French (16.0901) and not in education.
7. **Military Relationship**
 - a. **Military active student** – Code A - student currently serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, or is on Active Duty in any branch of the U.S. military.

- b. **Military veteran student** – Code V - student formerly served in the U.S. National Guard, in the Reserve unit of any branch of the U.S. military, or on Active Duty in any branch of the U.S. military and was released under conditions other than dishonorable.
- c. **Military connected student** – Code R - student’s spouse, parent or guardian serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, is on Active Duty in any branch of the U.S. military or student is otherwise eligible for any military education benefits via the spouse, parent or guardian.

Report a Code A for a military active student, Code B for military veteran student, or report a Code R for a military connected student. Otherwise the field should be left blank.

- 8. **Multi-Institution Program** – If the student received a degree offered jointly by more than one institution, report ‘X’ in column 119.
- 9. **Multiple Majors** - When a student graduates with a major in two or more discipline specialties, report each discipline specialty in which the student completed a major. The first reported major (columns 103-110) should agree with the major reported to NCES in the IPEDS Completions Survey.
- 10. **State/County of Origin** - Use the FIPS codes found in Tables 4A and 5A for reporting state and county of origin. If the student’s state of origin is Kentucky, report the county of origin using the FIPS codes from Table 5-A. If the student’s state of origin is something other than Kentucky, report the county of origin using the FIPS codes found at http://www.schooldata.com/pdfs/us_FIPS_codes.xls
- 11. **Reciprocity State/County** - For reciprocity students, report their state and county of origin in columns 76-80 as well as the reciprocity state and county in columns 81-85, even though they may be the same. Do not leave the state and county of origin fields blank.
- 12. **ID Type** – Report ‘1’ if the student ID is a valid Social Security Number or ‘2’ if it is some other ID number (institutional ID, SEVIS, other).
- 13. **Degree Conferred** – Report in columns 88-102 the specific degree being conferred; for example, BA, BS, AA, AAS. Degree codes must be consistent with degree designations in each institution's program inventory. Use only those codes listed in <http://dataportal.cpe.ky.gov/cpedegreedesignations.aspx> .
- 14. **Race** – In column 74, report the race code from Table 2 using the descriptions in Table 2. In columns 133-140, report Y or N using the following descriptions:
 - **Hispanic or Latino** - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
 - **American Indian or Alaska Native** - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.
 - **Asian** - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
 - **Black or African American** - A person having origins in any of the black racial groups of Africa.

- **Native Hawaiian or Other Pacific Islander** - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
 - **White** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
 - **Nonresident alien** - A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the field provided, rather than included in any of the six racial/ethnic categories. Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.
 - **Race and ethnicity unknown** - This category is used only if the person did not select EITHER a racial or ethnic designation.
15. **Academic Year** – Report the academic year for the file that is being submitted. Example – Academic Year 2018-19 should be reported as 201819.
16. **Tuition Waiver for Foster and Adopted Children** - Institutions must identify enrolled students who received tuition waivers because they were adopted or foster children. The information from this survey will be used to determine the number of recipients enrolled and the number who received a degree. This information will be reported annually on November 30 to the Legislative Research Commission as mandated in KRS 164.2847.
17. **Program ID** - The program id number for the first or second major must be consistent with the institution's degree program inventory. Use only those program id's listed in the program inventory. Report the program ID for first or second declared major for all students. major or program.

Definitions

1. **Associate's Degree** - An award that normally requires at least 60 semester credit hours or the equivalent.
2. **Bachelor's Degree** - An award that normally requires at least 120 semester credit hours or the equivalent. This includes all bachelor's degrees conferred in a five-year cooperative (work-study) program and degrees in which the normal four years of work are completed in three years.
3. **Date of Conferral** - The date of graduate's receipt of degree, certificate, or diploma:
 - a. *Summer* – Degrees, certificates, or diplomas awarded at close of summer semester;
 - b. *Fall* – Degrees, certificates, or diplomas awarded at close of fall semester; or
 - c. *Spring* – Degrees, certificates, or diplomas awarded at close of spring semester.
4. **Degree** - An award conferred by a postsecondary education institution as official recognition for the successful completion of an academic program.

5. **Diploma (less than one academic year)** – A program of study that requires completion of an academic program below the baccalaureate degree in less than one academic year or designed for completion in less than 30 semester or trimester credit hours, or in less than 45 quarter credit hours, or in less than 900 contact or clock hours, by a student enrolled full time.
6. **Diploma (at least one but fewer than two academic years)** – A program of study that requires completion of an academic program below the baccalaureate degree in at least one but fewer than two full-time equivalent academic years, or is designed for completion in at least 30 but fewer than 60 semester or trimester credit hours, or in at least 45 but less than 90 quarter credit hours, or in at least 900 but less than 1,800 contact or clock hours, by a student enrolled full time.
7. **Diploma (at least two but fewer than four academic years)** – A program of study that requires completion of an academic program below the baccalaureate degree in at least two but fewer than four full-time equivalent academic years, or designed for completion in at least 60 but less than 120 semester or trimester credit hours, or in at least 90 but less than 180 quarter credit hours, or in at least 1,800 but less than 3,600 contact or clock hours, by a student enrolled full time.
8. **Doctor’s Degree – Research/Scholarship** – A Ph.D. or other doctor’s degree that requires advanced work beyond the master’s level including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement.
9. **Doctor’s Degree – Professional Practice** – A doctor’s degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as “first-professional.”
10. **Doctor’s Degree–Other** - A doctor's degree that does not meet the definition of a doctor’s degree-research/scholarship or a doctor’s degree-professional practice.
11. **Kentucky County, State, Territory, or Foreign Country of Origin** - County, state, territory, or country of legal residence at time of first admission to the institution.
12. **Master’s Degree** - An award that requires the successful completion of an academic program of at least 30 semester credit hours or the equivalent at the post-baccalaureate, graduate, or professional level.
13. **Military Relationship**
 - a. **Military active student** – Code A - student currently serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, or is on Active Duty in any branch of the U.S. military.
 - b. **Military veteran student** – Code V - student formerly served in the U.S. National Guard, in the Reserve unit of any branch of the U.S. military, or on Active Duty in

any branch of the U.S. military and was released under conditions other than dishonorable.

- c. **Military connected student** – Code R - student’s spouse, parent or guardian serves in the U.S. National Guard, is in the Reserve unit of any branch of the U.S. military, is on Active Duty in any branch of the U.S. military or student is otherwise eligible for any military education benefits via the spouse, parent or guardian.

14. **Post-Baccalaureate Certificate** – A credential that requires completion of an academic program beyond the bachelor's degree but does not meet the requirements of a master’s degree.

15. **Post-Master's Certificate** – A credential that requires completion of an academic program equivalent to 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctor's level.

16. **Post-Doctor’s Degree-Professional Practice Certificate** – A credential that provides advanced training and enhances knowledge in important areas of clinical or research specialization and specialty practice for individuals who hold a professional degree (e.g., J.D., D.M.D., or M.D.).

17. **Project Graduate Student** – A Project Graduate student is one who:

- a. Does not already hold a bachelor’s degree.
- b. Has accumulated 80 or more undergraduate credit hours at any institution(s).
- c. Is entering or returning as a bachelor’s-degree-seeking student after not being enrolled at the institution where they are seeking admission or readmission for at least two years.
- d. **And** was contacted by and/or received services or benefits from Project Graduate, including recruitment, advising, tuition or fee waivers, scholarships, or other institutional services or benefits, as long as said benefits or services are unique to Project Graduate participants.

18. **Residency Status** - Current status used for tuition and fee payment purposes.

19. **Specialist Degree** - An award that normally requires 60 semester hours of concentrated and approved graduate coursework beyond the bachelor's degree. It is generally offered in the field of education to acknowledge completion of advanced graduate study designed to help individuals meet licensure requirements or develop additional knowledge and skill beyond the master’s degree but not at the doctoral level.

20. **Undergraduate (pre-baccalaureate) Certificate** - A subbaccalaureate credential granted upon satisfactory completion of a series of courses related to a specific topic or skill. It has the primary purpose of providing marketable, entry-level skills. These certificates qualify students to take external licensure, vendor-based, or skill standards examinations in the field. If standardized external exams are not available in the field of study, certificates prepare students at skill levels expected of employees in an occupation found in the local economy.

21. **Undergraduate Certificate (less than one academic year)** – A credential that requires completion of an academic program below the baccalaureate degree in less than one academic year, or designed for completion in less than 30 semester or trimester credit

hours, or in less than 45 quarter credit hours, or in less than 900 contact or clock hours, by a student enrolled full-time.

22. **Undergraduate Certificate (at least one but fewer than two academic years)** – A credential that requires completion of an academic program below the baccalaureate degree in at least one but fewer than two full-time equivalent academic years, or is designed for completion in at least 30 but fewer than 60 semester or trimester credit hours, or in at least 45 but less than 90 quarter credit hours, or in at least 900 but less than 1,800 contact or clock hours, by a student enrolled full-time.
23. **Undergraduate Certificate (at least two but fewer than four academic years)** – A credential that requires completion of an academic program below the baccalaureate degree in at least two but fewer than four full-time equivalent academic years, or designed for completion in at least 60 but less than 120 semester or trimester credit hours, or in at least 90 but less than 180 quarter credit hours, or in at least 1,800 but less than 3,600 contact or clock hours, by a student enrolled full time.
24. **Tuition Waiver for Foster and Adopted Children** - Institutions must identify enrolled students who received tuition waivers because they were adopted or foster children. The information from this survey will be used to determine the number of recipients enrolled and the number who received a degree. This information will be reported annually on November 30 to the Legislative Research Commission as mandated in KRS 164.2847.

The Michael Minger Act Report

The Minger Reporting System

Senate Bill 130, passed during in the 2018 Regular Session, amended the Minger Act (KRS 164.948 - .9495) to align the crime reporting requirements with those of the federal Clery Act beginning academic year (2019-2020). As such, reporting through the Minger Reporting System has been discontinued and submission of the annual Clery/Minger crime statistics report shall now be via an email with a .pdf document attached containing the required information. CPE staff has been in contact with your campus representatives to discuss changes to both the substantive reporting requirements and the report submission process in conformance with the new legislation and will continue to do so through this new reporting cycle.

About the Law

The Michael Minger Act is a Kentucky state law that requires public colleges and universities as well as private institutions licensed by the Kentucky Council on Postsecondary Education (CPE) to report campus crimes to their employees, students, and the public on a timely basis.

About the Reporting System

The Minger Reporting System is a Web-based data input system provided by the Kentucky Council on Postsecondary Education. As part of the Michael Minger Act, the Council is responsible for providing crime statistics and policy information for all postsecondary education institutions in Kentucky. The Minger Reporting System can be found at <http://minger.ky.gov/>. The site is open for reporting beginning January 1 of each year and **the report must be completed by September 30 of each year.**

~~Due to the passage of Senate Bill 130 this past session and its alignment of the Minger Act with the federal Clery Act, beginning academic year (2019-2020) CPE plans to discontinue the Minger Reporting System and require submission of annual Clery/Minger crime statistics via PDF. CPE staff will be in contact with your campus representatives in the upcoming year to discuss changes to both the substantive reporting requirements and the data submission process in conformance with the new legislation.~~

PROGRAMS AND DEGREE DESIGNATIONS

The Registry of Degree Programs is housed at the Kentucky Council on Postsecondary Education (CPE) and is updated when a new program is approved by the Council or the status of a current program changes. This allows for a comprehensive public view of all programs offered by postsecondary institutions in the state. With the Program Modification System, institutions may request certain changes be made to the inventory, which are then reviewed by Council staff. The Program Modification System can be found in KPEDS. When logged into KPEDS, select “Program Management”; then select “Program Inventory” then select your institution from the CIP drop down box for a complete list of your institution’s programs which can be exported to an Excel spreadsheet or a word document.
